No Price Agreement, Special Meeting On Aurora Hydro Site

The Aurora council Monday evening decided to call a special meeting to consider a site for the proposed new hydro sub-station in Aurora. Invitations to the meeting are to be extended to the planning board, the Aurora Hydro Commission and to the public school board and the board of trade who both have property considered desirable by the hydro. The meeting is to be held Monday, Oct. 17, at 8.30 p.m.

Davis Dr. Site Mooted For Hydro Sub-Station

The selling of a town lot on Davis Dr., Newmarket, next to the International Wood Company plant, was discussed at town council Monday night. According to town engineer Denne Bosworth, the land is planned to be used for the erection of a hydro electric sub-station for Newmarket in the future.

Flies From Newfoundland For Golf Tournament, Misses Win by One

Gordon Ough, formerly of Newmarket and employed by the Canadian Industries Limited, probably holds the record for long distance travelling to compete in a golf tournament. Each year C.I.L. holds a tournament for their divot diggers from all parts of Canada. Now with the Newfoundland branch, Gordon flew into Toronto to represent our newest province and all but went home with the All-Canada championship, losing out in the finals to a Kingston representative one down after 18 holes.

Expect Oct. 15 Start On Diabetic Survey For Newmarket

The diabetes survey for Newmarket will start earlier than it was expected. Dr. J. G. Cock, chairman of the survey committee, said yesterday that it is expected to be under way by the weekend of October 15.

Dr. Cock said that everyone is co-operating with the organization of the survey. Committee members working with him are N. P. Kelley, Mrs. N. L. Mathews, Mrs. Jean Elmes and Frank Courtney. Organizations such as the Home and School Association, the Business and Professional Women's club and the Lions club will work on canvassing and organization of the survey.

First part of the survey will be done in the factories and the schools, simplifying the initial organization. By the time they are completed, it is hoped that the general public will be familiar with procedure and will be ready to co-operate.

It has been pointed out that it is important that survey maintain its strict scientific purpose and most important requirement is accurate statistics. Success of the survey will depend on the participation of every person in

Optimists to Organize At Tuesday Meeting

An Optimist Club organization meeting for Newmarket is being held on Tuesday, Oct. 11, at 7.30 p.m., in the room next to the council chambers. Lieutenant Governor Lord White of the Toronto Downtown Optimist Club and several representatives from the West Toronto Club, the sponsoring club for Newmarket will attend the meeting.

Newmarket, young or old. Newmarket was chosen because it is a typical Canadian town and has an ideal balance of all ages and all types of people. They all must be tested.

Coming Events

Thursday, Oct. 6—Canadian Legion branch 426 Ladies' Auxiliary monthly euchre party at 8 p.m. sharp in Legion hall. Refreshments and prizes. Admission 35c. Blankets advertised to be drawn at this euchre will be postponed until the next monthly euchre on November 3.

Friday, Oct. 7—Bingo at Queensville school, 8.15 p.m. Share-the-wealth and good neighbor prizes. 2 cards 35c. Proceeds for Rink Fund.

Friday, Oct. 7—Zephyr Teen-ager club will hold a dance in Zephyr Community Hall, Chas. VanZant's orchestra. Admission 50c. Refreshments. c1w40

Special Thanksgiving dinner at Country Acres. Phone Newmarket 691w2 for reservations. c1w39

Thanksgiving dance at Belhaven hall, 12.05 a.m. Norm Burling and his Kingsmen. Admission 50c. Cafeteria lunch. c1w40

Friday, Oct. 14—Afternoon tea and bake sale in Scout Hall under auspices of Ladies' Auxiliary. 2.30 to 5.30 p.m. c2w40

We Need Stop Lights For Main, Water Sts., Main, Davis Dr.—Paynter

Stop lights at the corner of Main and Water Sts. and at the corner of Davis Dr. and Main were suggested by Councillor Lorne Paynter at Newmarket council meeting Monday night.

"Speaking from a safety standpoint, I suggest that a by-law be brought in to get these lights and I also suggest that we approach the county to pay half the cost," said Mr. Paynter. "We should make sure that we are going to be ahead of time and not wait for someone to get killed," he added.

Reeve A. D. Evans said that it would be suggested at county council and that the arrangement could be made through it to the Toronto and York Roads Commission. "There may be a new highway through at Davis Dr.," said Mr. Paynter. "As it is now, it is a busy intersection."

POOR WEATHER SAID CAUSE CAR COLLISION

Bad weather and wet pavement were blamed by Newmarket police as the cause of an accident on Davis Dr. Monday morning.

A stolen car which was being returned to Toronto was travelling west on Davis Dr. and struck a car driven by Dr. S. J. Boyd, Newmarket, which had just turned west on Davis Dr. from the hospital driveway. Damage to the car driven by Dr. Boyd was about \$75 and to the other car, about \$200. The stolen car was driven by a Mr. Ouderkerk of Keswick. It had been left outside his garage at Keswick out of gas and the thieves had then taken one of his cars from his used-car lot and driven in to East York where they abandoned it.

Through an arrangement with the police, he was returning it to East York when the accident occurred and he had planned on picking up his own car and driving it home.

Chief Constable Byron Burdige of Newmarket and County Constable Jack Lawrence were investigating the accident at 8.30 Monday morning and while they were there another car was stolen on Timothy St. They could not be contacted at the time by the owner.

Aurora Constable Helps Foil Escape Attempt Of Shopbreaker

Quick-thinking on the part of two York county police officers, Aubrey Fleury, Aurora, and Sgt. Wm. Myers, foiled the escape attempt of a convicted shopbreaker as he was led from the city hall courtroom, Toronto, Monday. Richard Patterson had just received a sentence of two years and nine months in Kingston Penitentiary. He was being led from Judge Shea's courtroom to the cells in the basement when he made his escape attempt.

Although held by sheriff's officers Mansfield McLarty and Malcolm McIvor with a steel chain about his wrist, Patterson threw the two officers to the floor. With loud curses he kicked the two men as he attempted to free himself of the chain. Const. Fleury and Sgt. Myers tackled the man, finally subduing him. A sprained wrist was suffered by Officer McLarty.

Aurora Seeks Inspector To Unhold Building Law

On receipt of a letter from the Aurora Planning Board criticizing the erection of buildings in Aurora contrary to the land-use by-law, Aurora council Monday evening acted on the proposal by the planning board that a building inspector be appointed for Aurora. On a motion by councillor Charles Davies, council approved advertisements in the two weekly papers serving Aurora requesting applications for the position of part-time building inspector for Aurora. Council also considered possible changes in building permit rates and requested that henceforth an outline of the land-use by-law be enclosed with each building permit issued.

NEEDED HOME

Housewife Builds Own Home

Stories of enterprising young men who are assisting with the construction of their own homes have become almost regular features in the current magazines. They are applauded for attempting to nail down the high cost of housing with their own hammers. And they certainly deserve the praise. But this week we have a story of a home building project with a twist. It is a woman who has been acting as carpenter, mason and general contractor — Mrs. Cameron Wheeler of Main St. North, Newmarket.

Mrs. Wheeler was widowed last September when her husband died suddenly. To make their situation even more tragic, just two months prior to this, the family had sold all their furniture and had moved to Nipigon where Mr. Wheeler was to be employed as a shovel operator for the Ontario Hydro Power Commission.

Mrs. Wheeler was left with three children in a strange place, one and a half miles from the town and with only Indians from a neighboring reserve to assist her. Bringing her family back to Newmarket, Mrs. Wheeler shared accommodation with relatives for the winter. But this she felt was not fair to

Pipes Here For Ice Volunteers Begin Welding Saturday

The Newmarket arena has become a mecca for sports fans. As preparations for the installation of artificial ice continue, the sidelines are becoming crowded with enthusiastic spectators. Amazeement is being expressed at the amount of detail involved. It explains the many hours of planning and discussion by the ways and means committee under chairman Fred S. Thompson.

Six hundred and fifty yards of earth came out of the rink and approximately 700 yards of gravel have been dumped in. This is necessary to ensure adequate drainage. Three and one-half miles of pipe arrived Tuesday morning and this is only half the amount required. The balance will probably be on hand before press time.

Work of building a header trench is now going forward, the pipes running the length of the ice on 4 by 4 stringers, from the header trench. The stringers and three-quarter inch rod that goes on the top of these to carry the pipe will likely be placed in position on Thursday. These are imbedded in the gravel. Pipe laying and welding follow this operation.

It's hats off to 31 volunteers at the Hoffman plant. They expect to start the welding Saturday morning. Other than the response at Hoffman's, voluntary work offers have been negligible. After the welding operation there is a grand chance for all our strong men to get in and pitch, pardon us, shovel, as some four inches of sand have to be wheeled in to drop between and over the pipes before actual freezing can commence. Please leave your name with Art Peppiatt at Davis Leather, Chas. VanZant at Office Specialty and Johnny at Vic's, if you care to get in the swim.

Town fathers kept their part of the bargain by passing third reading to the ice by-law at Monday's council meeting.

2 World Record Holsteins In Class Queensville Bull Tops

A most unusual feature of the York County Black and White day held September 30 in connection with Markham Fair was the showing of two world record cows in one class. These were Roeland Rag Apple Daisy and Roeland Rag Apple Lilly who stood seventh and second respectively in the class for aged cows in milk.

"Lilly" is the world champion in the junior two-year-old class of the 305-day division on twice-a-day milking with 327 lbs. fat from 15,593 lbs. milk. "Daisy" has recently completed a record of approximately 441 lbs. fat from 15,727 lbs. milk which, when officially reported, is expected to establish a new mark in the senior four-year-old class of 305-day division on twice-a-day milking. The pair are full sisters owned by J. W. Greenwood, Maple.

The outstanding class of the show was that for dry aged cows with 17 entries crowding the ring to capacity. It was here that Judge James R. Henderson, Kingston, found his grand and reserve grand champion females, the grand being Sepis Rag Apple Tensen owned by Thos. McGriskin, Agincourt, and the reserve grand, Lonelma Texal Marie owned by George C. Jackson, Downsview. The latter was grand champion here a year ago.

Jackson entries figured in a total of five championship awards, these including grand champion bull on Rombo Texal Sovereign, the joint entry of

Discuss Future Of Aid-to-Britain Service Tuesday

A meeting to make plans for the continuation of the U.E.F.B. service in Newmarket will be held at the council chambers on Tuesday, Oct. 11, at 8.30 p.m. This is a meeting to which representatives of all town and church organizations are invited as well as all persons interested in the sending of food parcels to Britain. Citizens who have been in correspondence with the British recipients of these parcels are requested to attend.

Money is needed to continue the present program and a full attendance is requested for the Tuesday meeting so that concrete plans may be laid.

PRESIDENT SICK

Sorry to report that Johnny Hines, president of the Metropolitan Hockey loop, is under the weather at the moment. Get in their pitching, Mr. Busman — we want you back soon in the prexy chair. Know we'll voice the wish of all the shiny executive and players alike when we say "speedy recovery."

them, to the children or to herself so the idea of building her own house began to take form.

Started as a cottage, the 20 ft. by 24 ft. building was erected on cedar posts. Since then Mrs. Wheeler has decided that an enclosed foundation would be better and this she has about three-quarters finished — doing the bulk of the work herself. Work was begun on the house on June 10 and the family moved in on July 14. Yes, just 34 days later. Mrs. Wheeler laughed when she recalled how the house looked then. "We didn't even have a chimney, but it was a spot of our own," she said.

Neighbors and relatives assisted Mrs. Wheeler with the laying of the joists and the frame work and, "Oh yes," she said, "I hired a man to put in the door casings and to hang the doors." Every bit of the inside work has been done by Mrs. Wheeler. She dug her own well. The depth of this site estimated to be about 12 feet.

"It is far from fancy and we are not finished yet," she said. But how many women could or would have had the initiative to have done what this little lady did?

'SAVE POWER NOW - EASIER FOR FUTURE'

Power conservation now will lessen the effects of whatever shortages may develop later. Fred S. Thompson, chairman of the Newmarket Hydro Commission, said this week. "We do not know yet to what extent further restrictions must be imposed. We are sure that saving now will make it that much easier in the future," he said.

Hydro restrictions so far imposed limit commercial use of power and the domestic use of hot water heaters without thermostatic controls. There has not, as yet, been any indication that power shut-offs will be required but "We cannot say for sure what the future will hold," Mr. Thompson stressed.

Last fall, Newmarket had regular power cut-offs but because of the extensive co-operation of industry, merchants and householders, the severity of the stoppages was greatly lessened.

"We are sure of the same kind of co-operation again this year," Mr. Thompson said. "While we can anticipate in part the demand for power, it is difficult to be sure of what supply will be available. We can only ask all co-operation in saving power now."

Unable to Grade Roads Because of Weather Bosworth Tells Council

Bad weather has prevented the repair of Newmarket roads that were torn up during construction of new sewers, according to the town engineer.

Questioned by the council about the condition of the roads on Monday night, Mr. Bosworth said that it has not been dry enough to use a grader on the roads. The holes have been filled in and the only places where there is danger of cars getting mired are where the sewer trenches were dug, he said. The rest in only three inches of clay over the original hard surface, according to the engineer.

"As soon as the weather clears and it is dry enough, we will put a grader to work. If we do it when it is wet, it will cause frost boils later," he said. He has given authority to the town foreman to block off any roads that become dangerous.

New Fire Signal Urged For Aurora

It was revealed to council Monday evening that the Aurora fire bell has not rung properly on a number of occasions. Enlarging upon this problem the fire committee's report disclosed that under such circumstances it was necessary to a member of the fire department to proceed to the waterworks and read the time on which the call is registered in order to determine the location of the fire. The report proposed that the bell be moved to the fire hall and that a new horn signal be installed in place of the present fire bell in order to bring the present system up to date. The report also requested either a new motor or an adequate overhaul for the newest of the two fire trucks. The report received the approval of council.

Hold Back 15 p.c. On Armitage Walks Contract

Payment of all but 15 percent of the contractor's bill for the construction of Armitage Heights sidewalks was authorized by Newmarket town council Monday night. The 15 percent is a holdback and any part of it will be taken by the town engineer, as he sees fit, to pay for rectifications to be made to the walks.

Ten percent of the holdback will be kept for six months and five percent for a year. The engineer gave a report listing poor finish, poor joints, improper thickness and sealing as reasons for holdbacks.

Mr. Bosworth said that he had taken the specifications for the sub-base from a cement company handbook and stated that if the sub-base is wrong, it would be his fault and not the contractor's.

The specifications called for a floated finish that has a rough appearance and more traction, said the engineer. Some blocks are bad and will have to be taken out, at the contractor's expense, he said. Sealing is due to excess water in the mixture and will occur during the first frost, leaving a slightly rougher finish but it will not detract from the life of the concrete, according to Mr. Bosworth.

Poor Joints
"The main trouble was in poor joints. Some are outlandish and will have to be broken out. We also broke out some blocks that were three and one-half inches thick at the edge but found that they were five inches thick in the centre. A three and one-half inch to four-inch walk is adequate," he said. "Any settling and cracking that takes place next year will definitely be corrected," he added.

Sewer Pump Too Close To Well? Vanzant Inquires

The practice of putting a sewer pumping unit close to a well supplying the town water was questioned at Newmarket council meeting Monday night by councillor Charles VanZant. The new pumping station which is 15 to 20 feet away from the well, according to the town engineer, Denne Bosworth, is being built to serve the new Srigley St. sewer.

LARGE PUFF BALL
A puff ball 36 inches in circumference and 12 inches in diameter was reported by Mrs. George Wray to be growing on the Wray farm, R. R. 2, King, last week.

East Gwill. Revision Court To Sit Oct. 15

The regular monthly meeting of the East Gwillimbury council was held Saturday, Oct. 1. The members were all present. The Court of Revision on the 1950 assessment roll will be held on Saturday, Oct. 15, at 2 p.m.

The clerk was instructed to send greetings from the council to Mr. and Mrs. G. B. Thompson of Holland Landing who are celebrating their 50th wedding anniversary. A deputation petitioned the council to ascertain from the Newmarket-Sutton district school board why the students travelling on the Gray Coach lines have paid their own fare while students travelling by other methods have free transportation.

The public trustee has been notified to pay over to the trustee board of the Glover-Holborn cemetery all interest on the endowment fund.

The department of highways was notified to give a wrecking permit to Gordon Miller.

The nomination of candidates for the election of officers for the 1950 council will be held on Friday, Nov. 25, and the election on December 5.

AT C.C.I. CONVENTION

Representing the union of the Collis Leather Company, Aurora, Roy Braithwaite is attending the annual convention of the Canadian Congress of Labor to be held in Ottawa this week.

NO PARKING

A recommendation from the parking committee for no parking areas in front of Newmarket schools came through the chairman, R. C. Morrison, at council meeting Monday night.

"It all boils down to the fact that the workmanship was not as good as it could have been," said the engineer. "Poor workmanship shows up more readily in concrete work."

Study Henzins urged council to keep the holdback until the rectifications were made. Councillor Birrell asked, "Why wasn't Mr. Ketter, the contractor, checked up when he was doing the job?"

Experience As Teacher

"I don't know who Mr. Birrell is referring to, me as chairman of the road and bridge committee, or Mr. Bosworth," said Frank Bosworth. "I know the engineer made checks on the work. This man did the job to the best of his ability. Maybe this experience with the sidewalks will be our best teacher; maybe we will find that these sidewalks will stand up better than others. Anyway, I am in favor of passing his bill and holding back the 15 percent."

Said Mr. Birrell, "I was not directing my criticism toward the road and bridge chairman. It was just a mild criticism toward the engineer. Maybe he was very busy at the time the sidewalks were being built but I believe that it is for such jobs that we hired him. As the engineer goes further along in experience he will look after these things."

At present only an excavation and foundation have been completed at the pumping station.

Mr. VanZant asked the engineer if there were any chance of the concrete cracking, making a sewage leak into the well a possibility. The engineer said that the well is encased and that the sewage would not reach through 175 feet of ground at the bottom of the well. The pump is being built on the only available town property in the Srigley St. area. "The firm of consulting engineers built it at that place and they should know what they are doing," said Mr. Bosworth.

Said Councillor Birrell, "It would be cheaper to buy some property farther away and be sure of safety in sanitation in the future."

Council asked the engineer to submit a report from the consultant engineers and ask if the location of the pumping station conforms with their usual policy.

Car Stolen Monday Found in Hamilton, Possessions Intact

A stolen car belonging to Orm, T. Ellis, Newmarket, which was taken last Monday morning, has been recovered by police in Hamilton. The car was stolen between 8.15 and 9 o'clock when it was parked on Timothy St. E. beside the Newmarket Co-Operative warehouse. Ellis was at the Co-op store on Main St. where he is employed and did not discover the car was gone until 9 o'clock.

The theft was reported by the owner to Richmond Hill police and the Ontario provincial police at Aurora also received the report. On duty in Newmarket was Chief Constable Burdige but he could not be contacted as he was investigating an accident on Davis Dr. which also involved a stolen car.

All personal possessions were found in the car by Hamilton police.

Twenty-one guns comprise the national salute to The Flag.

LIFE can Begin AFTER 40, IF.

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pains, Lassitude, Loss of Sleep and Energy which so often attack there around 40. For over half a century Dadd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, for the sake of your health and a happier future use Dadd's Kidney Pills today!

KETTLBY

Mrs. L. LeThang, Toronto, spent the weekend with her brother, Mr. Albert Tucker, and Mrs. Tucker.

Miss Gertrude Blackburn, Toronto, spent a few days last week visiting relatives in the community.

Sunday visitors at the home of Mr. and Mrs. Roy Geer were Mr. and Mrs. Frank Curtis, Mr. Jack Macpherson and son of Cookville, Mr. Arthur Blow and Mr. and Mrs. Murray Cook.

Mr. and Mrs. Merrill Johnson, Brampton, spent Sunday evening with Mr. and Mrs. Stanley Baradell.

Thanksgiving services at the Immanuel Baptist church will be held Sunday, Oct. 16. Guest speaker is Rev. Dr. Schutt, Toronto, formerly president of the Baptist Home Mission Board.

Mr. Walter Clarkson, Misses Barbara and Beatrice Clarkson, Lansing, Mrs. John Clarkson and daughter, Linda, Ottawa, were Sunday visitors at the home of Mr. and Mrs. Harry Webster.

We are sorry to report Mrs. Harry Stephenson has been confined to her bed for the past two weeks. Mr. Oscar Heacock is also ill. We wish them both a speedy recovery.

Sunday-school will meet at Christ church as usual on Sunday, Oct. 9, at 2 p.m.

The meeting of Christ church Ladies' Guild has been postponed from October 11 to October 18, at the home of Mrs. E. Fry.

MOUNT ALBERT

A representative from the fire marshal's department will make a survey of the village on Friday. This is a step towards our new fire protection equipment which we hope to have soon.

Mrs. Allison spent the weekend in Toronto at the home of her son, Ronald.

Mrs. W. H. Shields has returned home after spending some weeks in Toronto.

Miss Olive Tinsdale was taken to York County hospital on Thursday of last week.

Mr. Guernsey Brooks has moved into his new home on Alice St.

Mr. Roberts was home from Toronto over the weekend.

The five-day sewing class held in the town hall last week under the Women's Institute was registered by 14 ladies of whom 13 finished and 12 never missed a day. On Friday at the close, a social hour was held when they gave the instructor, Miss Burke, a silver bon bon dish to remember Mount Albert class.

Mrs. Doug McIntyre, John and Andrea spent the weekend with relatives at Welland.

Mrs. Geo. Scott was cleaning windows last week and slipped and fell, breaking her arm.

Sunday, Oct. 30, will be anniversary services at the United church when Rev. H. D. Hutchison, D.D., a former pastor, will be the guest speaker.

The C.G.I.T. held its opening meeting on Friday evening in the United church.

Next Sunday will be Thanksgiving services in the United church and at the morning service those wishing their children baptized should get in touch with the minister.

A great number from the community went to Markham fair on Saturday.

Case and Dike are putting a large new addition on their mill.

Mr. Theo. Moorhead, who has been in York County hospital, was brought to his home in town last week.

Mrs. Naomi Spencely, Picton, spent the weekend in town renewing old acquaintances.

Mrs. Murray Roberts will hold open house for the ladies of the community on Saturday, Oct. 15, and will be at home from 2 - 5 o'clock, to say farewell to all her friends before leaving for her new home in Toronto.

Mr. and Mrs. B. Sinclair spent Sunday at the home of Mr. and Mrs. Clarence Marchant at Schomberg.

The W.M.S. of the United church held its meeting on Monday evening in the Sunday-school room and had as their guests Zephyr ladies and members of the Cheerio Group and W.A. The Ross sisters of Hartman sang a duet. Mrs. Chapin of Melville church, rural president of Toronto East Presbytery, was the guest speaker, telling of their work with the northern Indians, two years at Norway House and then going on 200 miles by canoe to Island Lake and remaining there eight years. She gave a wonderful word picture of their life with the Indians in that far north country and how they grew to love each other. One would like to give her story word for word, but can only say if you want a fine W.M.S. speaker, get in touch with Mrs. Chapin. The ladies were very grateful to the Cheerio Group for their generous donation of \$50.

The Davis family will be the entertainers at a high-class concert for the anniversary of the United church. The date will come later.

Messrs. Ed. Hough and Lorne Mainprize enjoyed a fishing trip over the weekend at Kalarar in eastern Ontario.

Rev. C. P. Shapter and Mr. D. Shillinglaw attended East Presbytery in the Metropolitan church on Tuesday.

Princess Margaret is shown as she appeared at a hunt meet in Perth, Scotland, with 23-year-old Lord Ogilvy, heir of the Earl of Airlie. The princess motored from Balmoral to attend the races with the young lord, an event which was enough to set romance rumors flying.

Keswick News

Mrs. Orville King is visiting her daughter, Mrs. R. Hodgkinson, in Toronto this week.

Mr. and Mrs. Don Ward and family spent Sunday with Mr. and Mrs. B. Ward.

Mr. and Mrs. Malcolm Beare, Hanover, Mr. and Mrs. Arthur Boe and Mr. and Mrs. James Boe, Toronto, spent Sunday with their sister, Mrs. I. Waldon, and Mr. Waldon.

Miss Patti Connell and a friend were in Keswick over the weekend.

Mr. Gordon Winch, who has just returned from his mission field in Glenella, Man., spent Saturday and Sunday at the home of his parents. Gordon is a student at Emmanuel College, Toronto.

Miss Doris Pollock and Miss Ruth Mary Winch were at home over the weekend.

Miss Joyce Porter spent Sunday in Toronto.

We regret losing the Atcheson family and the Ketter family from our village. Both have gone to Toronto.

A large congregation filled the United church Sunday morning for world communion service.

Don't forget the anniversary services of the United church which are to be held October 30. Rev. Charles E. Fockler, Markham, will be the guest speaker.

A number from here attended Markham fair on Friday and Saturday last week.

Mr. and Mrs. Elmer King spent Sunday at Uplish.

We are glad that Miss June Alder is able to be home from hospital where she underwent an operation recently.

Italy Day service was observed in the Sunday-school of Keswick United church at 10 a.m. Mr. P. F. Winch, Sr., was in charge. Mrs. V. Atcheson conducted the promotion exercises.

Several new teachers have been added to the staff to meet the needs of an ever enlarging school. Rev. Geo. Campbell will assist with the adult class.

At the close of the Sunday-school service Mr. and Mrs. Vic Atcheson, Bobby and Carolyn were presented with a five-piece silver tea service in appreciation of their fine contribution both as individuals and as a Christian family to the church work and to the community.

The good wishes of all go with them. They will be greatly missed. The presentation was made on behalf of church and community by Mrs. Perry Winch, Sr., and Miss Dorothy Rye.

Rev. Mills, Newmarket, a retired minister, conducted the morning service. The choir anthem was a beautiful setting of a well known hymn with descant which was sung by Misses Dorothy and Ruby Rye and Gertrude Stiles.

Tuesday evening, Sept. 27, was open house supper night at the United church when friends from Ravenshoe, Sutton, Newmarket and Keswick packed the Sunday-school rooms and overflowed into the church in honor of a former minister, Rev. Gordon Lapp, Calgary. The boys and girls were there, the young people and the older folk, all eager to share in a hearty handclasp of welcome and have a few minutes' chat with Mr. Lapp. It was a time of happy, heart-warming fellowship for all.

Following the supper, Rev. Geo. Campbell invited everyone into the church auditorium where Mr. Lapp was heartily welcomed on behalf of minister and congregation by Mr. Campbell and asked to speak. Mr. Lapp said he found it was rather difficult to speak for his heart was full to overflowing in his deep happiness at being in Keswick again—the place in Ontario that spells "home" for him. He first of all brought greetings from Mrs. Lapp and Martin whom everyone regretted could not accompany him on this trip. Mr. Lapp spoke feelingly of his seven years of ministry on the Keswick charge, of his deep affection for the people of these churches and of what their loyalty had meant to him.

Mr. Lapp paid tribute to Mr. Campbell whom he has known for many years and hoped the congregation would stand shoulder to shoulder in loyal support of him as their minister and of the work of the church. Rev. Chas. Fockler pronounced the benediction, thus bringing to a close a happy evening. Mrs. Harold Pollard played organ selections during the supper hour.

In the evening the auxiliaries of the W.M.S. introduced the

Mr. and Mrs. Robt. Carr, Mr. and Mrs. W. H. Kingdon motored to Walton on Tuesday where they visited Mr. and Mrs. Bann and children.

Mr. and Mrs. Grant Morley and son, Billie, visited Mr. and Mrs. Harold Duncan and Erma of Don Mills on Sunday.

Mr. and Mrs. H. A. White motored to Collingwood on Monday where they visited their son, Mr. John White.

Miss Joan Ewing, Holt, spent the weekend with her aunt, Mrs. John Irwin, and Mr. Irwin.

We are sorry to hear of Mrs. George Hunt's serious illness and we extend our very best wishes for her recovery.

Mr. and Mrs. Harvey Currie, Bradford, visited the latter's parents, Mr. and Mrs. A. Van Nostrand.

A very enjoyable evening was spent at the home of Mr. and Mrs. Woodrow Willson on Friday evening when they entertained neighbors and friends to a brush demonstration.

MOUNT PLEASANT

Mr. Lloyd Stiles' sale was well attended and prices good. The lunch was provided by the Mount Pleasant Women's Guild.

Quite a number from here attended Markham fair last Saturday. Some from here attended the anniversary services in Sutton on Sunday.

Mr. and Mrs. Lloyd Stiles visited in Hamilton over the weekend.

Mr. and Mrs. Robt. Davidson and Mr. and Mrs. Bernard Davidson visited Mr. and Mrs. Herb Moorby and Mrs. Sproule at Gormley on Sunday afternoon.

Mrs. Claude Yorke and baby returned home on Sunday from her mother's home where she has been convalescing since coming from hospital.

United church book of the year, Growing with the Years. The service was led by Mrs. F. Marriott and Mrs. Ken Boothby. An informative and interesting review of the opening chapter was given by Mrs. P. Winch, Mrs. G. Carr, Mrs. G. White and Mrs. D. McGenerty. A most interesting set of slides, Women at Work in the Church, was shown at the conclusion of the service.

BUILT STRONGER TO LAST LONGER

I LIKE ITS ECONOMY!

No wonder Canadians use more Ford F-47 Pickup Trucks. With generous 45 cu. ft. load capacity (to top of box), they combine rock-bottom costs for gas, oil, upkeep!

APPEARANCE COUNTS WITH ME!

The beauty of the F-47 Ford Panel Truck is not merely its standard styling... but its solid rugged construction, and the fact it's built stronger to last longer.

MORE FORD TRUCKS used in Canada than any other make

Bonus Built

- * POWERFUL V-8 ENGINES
Heavier balanced crankshafts give extra work reserves
- * EXTRA TOUGH AXLES
Full floating Rear Axles for longer life
- * EXTRA STRONG FRAMES
Give a wider range of use in all models
- * "MILLION DOLLAR" CAB
For "Living Room Comfort" Level action cab suspension
- * EXTRA EASY HANDLING
Heavy-duty roll action steering linkage Feather Foot Hydraulic Brakes - Grip Grip Clutch for low pedal pressure

"BONUS" Something given in addition to what is usual or strictly due

MY TRUCK MUST DO MANY JOBS!

When the truck must fit a wide variety of jobs and loads, many Canadian owners bank on the Ford F-68 Express, with its big, 62 cu. ft. body and 1-ton capacity.

MY LOADS ARE BULKY, HEAVY!

Canada's top "buy" is the famous Ford F-155 2-ton chassis... when it comes to hauling flexibility. Choice of 154, 158 and 176 inch wheelbases—adaptable to practically all body styles.

I NEED A TRUCK THAT CAN TAKE IT!

If your job strains the ordinary truck, make this your buying guide: More Canadians use the Ford F-155 3-tonner than any other make of heavy-duty truck!

OTTAWA LETTER

by
"Jack" Smith, M.P.
North York

This is a quiet and harmoni-
ous session of parliament. The
highlight so far has been the
constitutional changes brought
forward by the government and
they are being passed with little
serious opposition.
The changes when brought
about will abolish appeals to the
privy council in London, and give
the Canadian parliament full
authority to change our own con-
stitution.
There has been a consistently
growing demand over a long pe-
riod of years for abolition of ap-
peals to the privy council. Mak-
ing our own Canadian supreme
court the final court of appeal
will mean a saving in time and
money to those who have cases
in court, as London appeals often
have been drawn out and costly
experiences. Canadian courts are
second to none in the world and
we are satisfied the adminis-
tration of justice will not suffer
by this long-overdue change in
our judicial system. The opposi-
tion suggests a six months' delay
in making the change effective
but does not oppose the bill in
principle.
Changes in Canadian Con-
stitution have in the past been
brought about by an ap-
peal from the Canadian
parliament to the parliament
at Westminster. For many
years the action of Westmin-
ster has been a mere formal-
ity, as any change asked by
the Canadian government was
granted as a matter of
form. The change merely
does away with this formal-
ity and gives the Canadian
parliament the power to do
what it has been doing in
effect for many years.
Speech From the Throne
The debate on the address in
reply to the speech from the
throne has been ended and of
course this parliament there is no
great concern about government
majorities on divisions. The ad-
dress was adopted without a
formal vote. In the old days the

YOU SAVE MONEY

with the

DODGE

L-Head Engine ...

A PART OF DODGE

DEPENDABILITY

YOU SAVE MONEY every mile you drive with
the Dodge simple-design L-Head engine.
There are fewer moving parts to wear. Oil
filter, floating oil intake, and air cleaners
keep carbon and dirt from moving parts to
reduce wear. Such "extra" features as four
rings per piston, full length water jackets,
lightweight alloy pistons and alloy exhaust
valve seat inserts, result in savings on gas,
oil, and repairs.
Other leading features of the economical
Dodge engine are explained on the right.
But in many other ways Dodge gives you
more for your money.
You could pay much more, and still not
get all of Dodge roominess, beauty and
ruggedness. Test for yourself the generous
head, leg, and elbow room. Compare the
"outlook" through the high, wide wind-
shield. Note how easy it is to get in and out.
Try out the new Dodge on the road and
discover for yourself its flashing perfor-
mance, driving ease, safety, and riding
smoothness.
No matter which way you look at it, your
dollars will go further with Dodge ... and
so will you.

CHECK THESE "EXTRA" FEATURES WHICH ARE
STANDARD EQUIPMENT ON THE NEW DODGE.
Automatic electric choke; Automatic ignition
key starting; Aluminum alloy pistons; Four
rings per piston; Low pressure tires; Chain
camshaft drive; Oil bath air cleaner; Oil filter;
Floating oil intake; Hotchkiss drive; Safety-
Rim wheels; Floating Power engine mounting;
Chair-height seats; Full-width defroster vents.

MIAMI BEACH

(Too late for last week)
Many people from this district
went to Lindsay Fair and all re-
port it was a real success.
A number of Mrs. James
Clark's close friends gather-
ed together September 21
and had a surprise birthday
party for Mrs. Clark, pre-
sented her with a crystal
water set and a raw fruit
bowl all of cornflower pat-
tern. All had an enjoyable
afternoon.
Mr. Herb Sullivan won a
new Westinghouse automatic
electric iron playing bingo at
the new Memorial Centre in
Keswick.
Mr. and Mrs. James Hall,
Toronto, called on Mr. and Mrs.
Oliver King Sunday evening.
Mrs. Emanuel Miller had a
demonstration of the Wear-Ever
product Thursday, Sept. 22, with
12 ladies in attendance. Mrs.
Miller was presented with a
carving set by the Wear-Ever
representative, Mr. Tate.
Mr. and Mrs. Al. Lewis and
family of Toronto were up to
their cottage September 24.
Mr. and Mrs. George Mc-
Donald, Toronto, spent the
weekend at their cottage.
Messrs. James Clark, Mar-
vin Clark, Bill Foster and
Cecil MacDonald have re-
turned from their duck
hunting trip north of Que-
bec.
Mrs. Walter Sullivan spent a
few days last week in Toronto.

ANSNORVELD

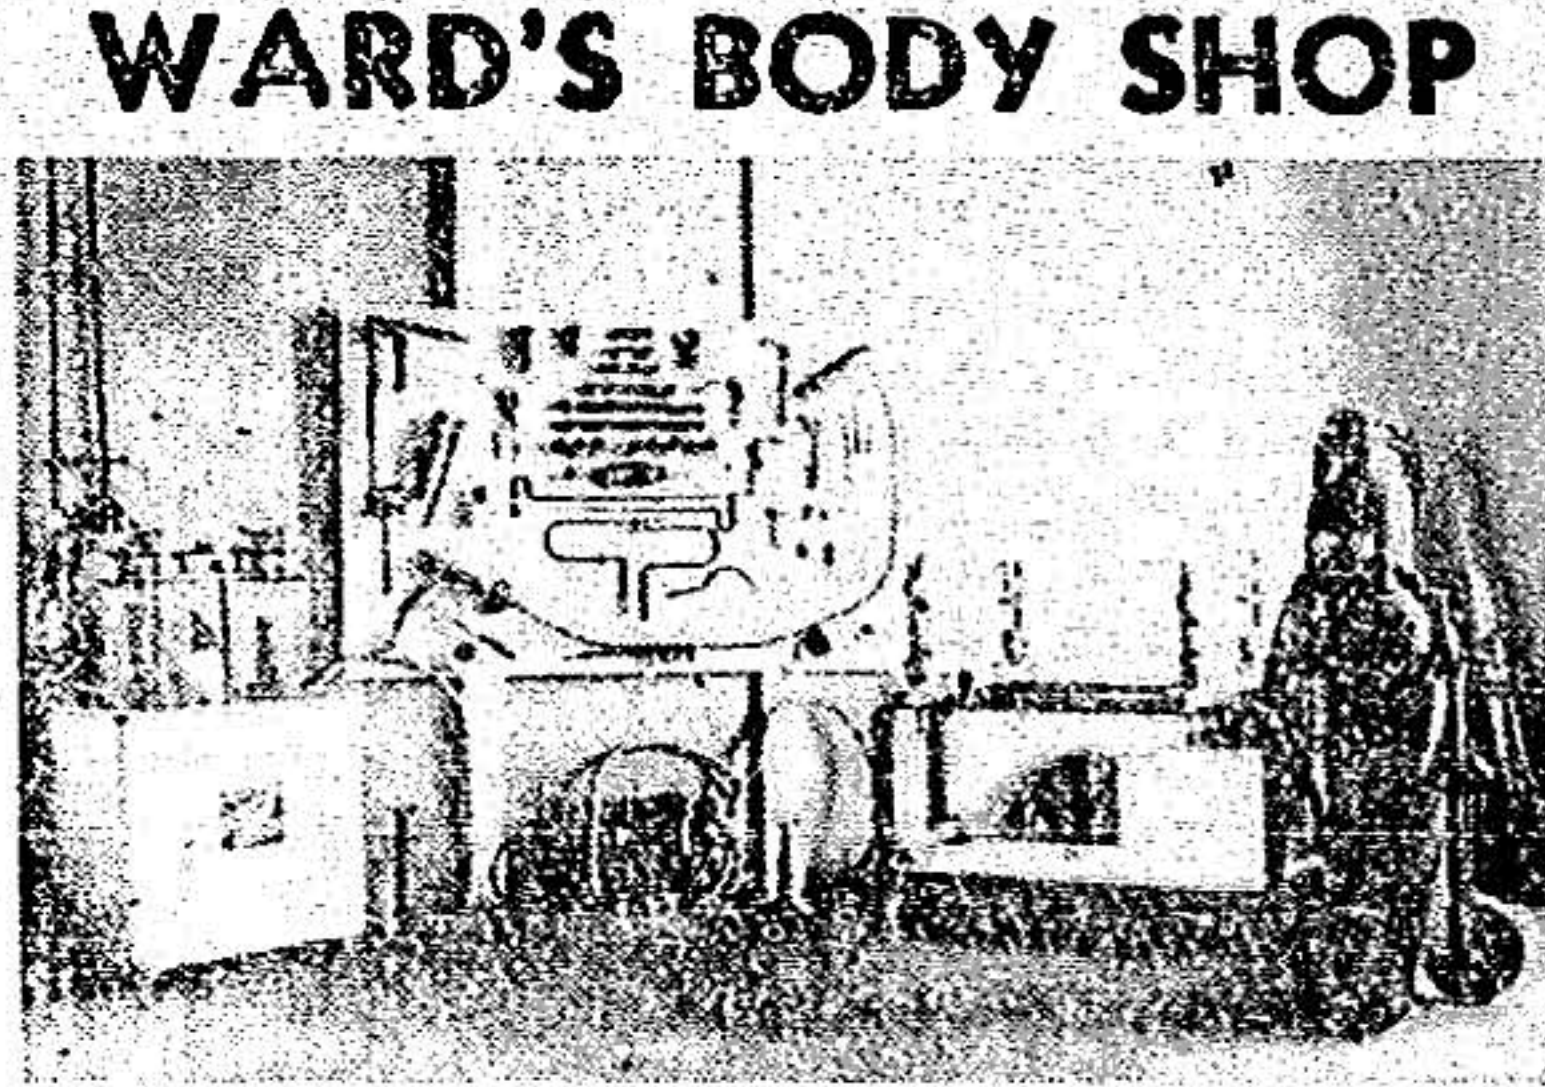

Rev. Moes, formerly of Flint,
Mich., was installed as minister
for the Nettleton district. Mr.
and Mrs. Moes are staying at
the parsonage here until their
own home is completed.
The Senior Girls' Club started
its fall session for the coming
season.
The P.T.A. will hold its
monthly meeting next Friday
evening at 8 o'clock.
Thanksgiving service will be
held at the Christian Reformed
church on October 10, at 7
p.m.
The Union church on Friday
evening, Oct. 7. A temperance
speaker will address the meet-
ing. Everybody invited.
Union church service at 2.30
on Sunday, Oct. 9, and Sunday-
school at 1.30.

ARMITAGE

The regular meeting of the
Yonge St. Sewing Circle will be
held at the home of Mrs. J. Faris
on Wednesday, Oct. 12. Will all
the members please bring a con-
tribution for the overseas food
parcels.

RAVENSHOE

The W.A. supper will be serv-
ed Wednesday, Sept. 12, from 6
to 8 p.m. Hostesses are Mrs. S.
Armstrong, Mrs. W. Rose, Mrs.
B. Deavitt, Mrs. F. Perry and
Mrs. W. Cryderman. Please
note this supper is being held
one week earlier because of
the North York Flowering Match
and banquet. So please keep
the date in mind. Everybody
welcome.
A number from here attended
the W.M.S. meeting at Keswick
Sunday evening when the
W.M.S. ladies of Keswick intro-
duced the new book for the
year, "Growing with the Years."
All enjoyed the slides on the
work of the missionary.
Congratulations to Donald and
Ronald Breen for both winning
prizes in the calf club. Ronald
was first and Donald sixth.
Keep up the good work, boys.

- 1 L-HEAD OPERATION is
quieter, as all moving
parts are inside the block.
Fewer parts to wear or
work loose assure longer
life. Simple construction
allows easy maintenance.
- 2 FLOATING POWER is the
name given to the
scientific Dodge method of
mounting the engine on
the chassis so that engine
vibration is not transmitted
to the body. Results in
smooth, quiet operation and
long car life.
- 3 OIL BATH AIR CLEANER
filters the air before it
enters the carburetor. By
keeping dust out of the en-
gine, it cuts down repairs
and lengthens engine life.
- 4 OIL FILTER of micronic
type, filters even the
smallest particles of carbon
or dirt out of the oil and so
reduces wear on bearings
and cylinder walls for long,
trouble-free engine life.
- 5 WEATHERPROOF IGNI-
TION SYSTEM gives
maximum protection
against water and dirt for
dependable all-weather
operation. Distributor has
a new splash-proof cap.
Centre distributor brush
has a 10,000 ohm carbon
suppressor which allows a
wider spark gap setting for
better idling and low-speed
performance.
- 6 AUTOMATIC CHOKE.
The choke enriches the
mixture by automatically
reducing the proportion of
air drawn through the
carburetor during warm-
up, to provide easy starting
under all weather con-
ditions. Saves fuel by pre-
venting too rich an oper-
ating mixture.
- 7 FLUID DRIVE on Custom
Dodge models lets you
drive, relaxed, in high gear
most of the time. It is par-
ticularly effective on wet
pavement, ice or mud, al-
lowing smooth transfer of
power without stalling. The
Custom Dodge is still the
lowest-priced car in Can-
ada with Fluid Drive as
standard equipment.

BOTSFORD ST. NEWMARKET PHONE 68

The Editorials:

Future Possibilities

Some weeks ago, we wrote in these columns that Newmarket was in the danger of becoming "just another town". Some towns are distinguished by a happy circumstance of nature or history; others have made their name through the efforts of their citizens. Newmarket, we insist, has every means at its disposal to become exceptional. All that has been lacking are those essential ingredients of initiative, effort and imagination.

We remarked, too, at that time, that the exhibition sponsored by the Newmarket Horticultural Society in conjunction with its annual gladiolus show, and the band tattoo, sponsored by the Newmarket Trumpet Band a week later, clearly indicated how Newmarket could be lifted from its rut of anonymity. It is gratifying to learn that an annual exhibition of much larger scope is being considered by the Horticultural Society and that the Newmarket Trumpet Band's efforts were so well accepted by competing bands that there is every assurance that next year, the tattoo will be greatly increased.

The Horticultural Society exhibition was unique in that it broke away from the traditional, and somewhat labored, exhibits of the past. A note of quality and taste was struck and maintained throughout the show. Best of all, the event was one which could be expanded to county-wide proportions. Much the same advantages were obvious in the band tattoo. It was an uncommon experience for most, one which could be repeated annually without losing its attraction. Given the necessary encouragement, it is not unreasonable to expect either one, or both, of these events to bring unique distinction to Newmarket.

Subscriber Writes

This letter was received in The Era and Express office from a United-States reader: "I am a new subscriber to your paper. I am anxious to correspond with one of your reporters who has a blind child. Perhaps it is Dorothy Bowman, but I am not sure. My baby was born blind, and I have many problems I would like to talk over with someone who has had experience. Would you please be so kind as to advise me of this information? I would appreciate it very much."

The letter has been forwarded to Mrs. Bowman and the writer assured of an early reply. Letters similar to this are familiar to Mrs. Bowman. Her accounts of her daughter Carol and her regular weekly column, Young Hopefuls, in The Era and Express have made her well known to mothers, particularly mothers of handicapped children. She is able to draw from an extensive training and personal experience to assist and advise them.

Mrs. Bowman's column has appeared regularly in The Era and Express for almost three years. It has been a task to which she addressed herself with admirable consistency despite the heavy demand upon her time. Our part has been small; our pleasure in it beyond measure for it is immensely gratifying to learn that The Era and Express has been a means to someone's assistance.

Neglect Of History

Canadians are careless with their history. It is understandable, although hardly admirable. Canada is young and its people concerned with the future, not the past. They are making a tradition; and so engaged, have little time to examine or preserve the original sources of their inspiration.

Yet there is so much which could be done by little effort or expense to preserve monuments of the past which are fast decaying. How regrettable it is to learn of the license given neglect at old Brewery Bay, summer home of the late Stephen Leacock. Following his death in 1944, the home was left vacant, broken windows and doors exposing priceless books and documents to the elements. Vagrants wintered in the house; it was robbed of some furniture, silver and china. Thanks to the initiative of private individuals, the home is being restored, the contents catalogued and given some guarantee of permanence. This is a costly undertaking, one which might reasonably be shouldered by the government. But governments, provincial and federal, have been as indifferent to history as the public they represent.

Perhaps the real difficulty is not, after all, the youth of our nation but its lack of common tradition. We are a heterogeneous people, the minorities which compose the whole tenaciously clinging to the customs

and traditions of the "old land", and all of us subjected to the pressure of our southern neighbor. Is it not indicative of the lack of an essentially Canadian character that many of our most enthusiastic observances are those which originated in the United States, our Thanksgiving Day for one?

Locally, there is no worse example of neglect than the Anglican cemetery on Eagle St. Many attempts have been made to clean up the cemetery; they rarely reach the "interested" stage and never pass it.

What was once a landmark at the outskirts of town has become an eyesore almost within the town with Armitage Heights extending beyond the cemetery on the south side of Eagle St. and a new subdivision bordering it on the north side. It will not be long before the historical connotations of the property will be forgotten and it will exist only as a nuisance.

Before that time comes, surely the site can be cleaned up. Not restored—that would be an impossible task and serve no useful purpose. But the ground could be levelled and sodded, and a stone or plaque placed at the site recording the names of those buried there, and its history. This would serve the double purpose of beautification, and the preservation of the essentials of its existence.

Property Owners

Recent council meetings have been attended by several residents of Connaught Gardens. They were concerned about sidewalks; their numbers gave authority to their representations to council. It is to be hoped that, their immediate objective achieved, they do not lose interest in the administration of their town.

Property owners' associations have a place in the administration of any municipality. They are an effective means of contact between council and citizens. Too often, councils are handicapped by the lack of this contact; they are forced to rely upon individual samplings of public opinion for a guide to their decisions, a handicap for any council no matter how earnest or practical.

Such associations, too, are a pleasant improvement upon the usual practice of individual griping which persists regardless of council's merit. A property owners' association provides the means for a constructive airing of a "gripe", and frequently removes its cause. The associations also provide the means to community action in that area which, while not immediately the concern of a municipal administration, is concerned with the community welfare. The Sunny Hills association, in the V.L.A. subdivision, gives an excellent example of this. That association wants a playground for children in that district. Their corn roast has contributed much towards the cost; individually, the members could have achieved nothing.

The danger of such associations is that they are most often organized over a local issue and having succeeded in a settlement of the issue, are inclined to assume prerogatives to the disadvantage of the rest of the town. They become pressure groups, demanding privileges without assuming responsibility. Those who see disadvantage to themselves in the formation of property owners' associations are quick to exploit this possibility. Yet it is obvious that if an association is concerned as equally with the benefit of all as with the benefit of their immediate neighborhood, such an extreme need never be reached.

The unfortunate experience of the drover who lost \$300 on what was obviously a gyp game at the Markham fair should serve as a warning not only to patrons but to fair committees to more closely scrutinize those to whom they rent concessions. Nothing spoils a fair's reputation faster than a gyp game.

With the work on the arena finally begun, there is a revival of interest in the project. There seems no doubt that the job will be completed in time for a good season. But volunteers are required to hurry along the task. The more we contribute, in time and financial assistance, the sooner the long awaited artificial ice will be available.

The Newmarket Lions club has been given a signal honor with the invitation to play host to the Zone clubs at a banquet tonight in honor of the third International Vice President Edgar M. Elbert. The Newmarket club has an influential role in the affairs of district Lionism.

The Bank of Montreal has hung silk screen prints by some of Canada's better artists on its walls, a pleasant departure from the traditional decorations of public institutions. It would be an encouraging development if the banks and railways were to go a step further and purchase originals thereby giving Canadian artists a much-needed support.

Office Cat reports Catnips By Ginger

Listen, boss, I have stood long enough your practice of crowding part of my column out. I don't like you giving Back Concession, below here, a free hand to romp up and down this column of type.

I don't know who this guy, Back Concession, is but I have noticed that his column gets longer and longer every week and you cut more and more off the tail of my column to make space for his column. Last week you omitted that perfectly good closing paragraph of mine on a cat's-eye-view analysis, "On the passing of Miss Grable's legs from the American scene, the end of an era."

A distinguished newsmen, boss, has written in a chapter about the Powers of the Press that "news space may be cut and pages of advertising omitted but let an editor omit one signed column and the readers' wrath descends upon him forthwith."

"Walter Winchell," he says, "reaches ten million of his contemporaries with a note upon Miss Rogers' nightwear. Forty thousand pre-Victorians awaited the latter numbers of Pickwick Papers," and may I say that every week over 3,500 anxious newspaper buyers breathlessly await a tossed off comment by Ginger on world affairs, or a touch of philosophy.

The columnist, says this guy, is the only non-political figure on record who can clear his throat each day (or week) and say, "Now here's what I think," with the assurance that millions (or thousands) will listen.

Now, boss, is the time for you to awaken, or else. Either move Back Concession over under your column and give me 25 and 50 Years Ago or have a little fair play on this. Might I suggest the motto Back Concession—Back Page?

Don't think that I entertain any idea that he is read more than me! After all, after the reader is finished with my column, naturally his eyes would fall on this. Of course, without Catnips, the reader would probably never see it.

So—if something isn't done soon, I will be forced to use my influence as office cat in charge of inter-departmental relations and let Kustor the printer enjoy a little type sabotaging and knock the Top Six Inches down to the Bottom Two, and box him in with a thick black frame.

HALLOWEEN

or

My Ancient Heritage Is Bothering Me Again

Around October first
I get a sudden burst
Of spiritual fever
And not a little either.
Like Dracula I be,
On a vampirical spree
For ghostliness I thirst
'Till October thirty-first.
Cats! To the fore!
Rally once more,
Time, out, is running.
Hallowe'en is coming.
—Ginger

by "Back Concession" The Top Six Inches

Continued from last week:

With the drop in livestock prices the last few days and the shortage of feed, many farms have had to reduce their livestock. Where will the farm produce prices level off with the devaluation of the different currencies? The Canada Packers' 1949 fiscal report to shareholders asks the question, is the post war deflation near at hand? And that the farmers' returns hold an all time price record for 1949.

They go on to tell the reason why we can expect lower farm prices. We must have some way to get information back to the people on the land. We all listen and read but what good does that do? What we must have is some place to meet and discuss and decide and to act.

Condemnation insurance of livestock is a good thing. We farmers pay one-half of one percent on all livestock we sell. And we have never heard anyone object to paying. But we do not know any more than that it is taken off our livestock cheques. We do not know what amount is collected in any one year or how much is used to pay for condemned stock. If there has ever been a statement given out we have never heard of it.

A county unit could demand and see that this information was in the hands of the farmer. Why should we pay and not know how the funds are used? We have a class of farmers who are leaders in our farm organizations. These men know the cost of some of our farm produce. And yet those men will not agree to demand at least the cost of production.

When we have as our leaders men who for some reason will not stand up for the farmers' rights, it is high time we farmers on the back concessions should at least give some thought to farm problems. Should the farm women come in on helping the men form a township unit of the federation? If the farm income is reduced it will be the woman who will have to spread the farm income to meet expenses. We heard one woman say that their neighbor was never home, was always at some farm meeting. These farm meetings should be held right in each township.

Every farm woman and farmer should consider it his duty to attend and understand our marketing problem. We must decide if we are to continue the film board pictures in York county. This is an educational project that comes to the school house in the afternoon or daytime for the children and in the evening for adults. The films are mostly on Canadian life. To those who have never had the opportunity to travel and see and know our Canada these films are most instructive. It is not right for a few at the top to have to decide what is to be done about the film board.

These are only a few of the many things that should and could be done.

We have in our communities those who because things are not run the way they wish just won't at all. We often hear in the schoolyard—if you don't play my way I won't play. It has been said that men are only over-grown children and by the actions of some people their mentality is not very broad. Even in our churches where tolerance is taught we find this narrowness of thinking.

We could in a county unit broaden out our thinking, try and find the best in people; not the worst. A healthy farm economy means a healthy soil; a healthy soil means a healthy people; a healthy people in body and mind and we as a people need clear thinking today for our problems. Cheerio!

"ROSE OF THE RANCHO" ?

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

THE OLD HOME TOWN

By STANLEY

Foote-Notes

BY WILLIAM FOOTE
AURORA EDITOR

The Aurora Hydro Commission is looking for a site on which to locate a new hydro sub-station. The new sub-station is necessary to handle the change-over from 25 to 60 cycle. It would appear from the meeting of council this week that the Hydro has met with a certain amount of opposition in its efforts in this regard so far.

In contemplating a location, there are certain aspects of the problem which the Hydro Commission is forced to take into consideration. The land selected must be of adequate size. Also, it must be conveniently located for the high-tension lines which must be brought from near the railway tracks east of town to a centrally located sub-station.

The lines cannot pass over buildings and therefore the properties so far considered are a portion of the present public school grounds and a portion of the property to the south of the post office and owned by the Aurora board of trade.

The stumbling block in all negotiations so far has been the price. The Hydro Commission has had a maximum purchase price of \$3,000, approved by the Ontario Hydro-Electric Commission, as a purchase price for the public school property. The public school board, however, asks \$32 a foot for 70 feet. The board of trade, on the other hand, has set a price of \$200 a foot on its property.

If the present public school is to be vacated, every effort should be expended to arrange a deal favorable to the Aurora hydro. For the hydro would not have picked this site if it had not considered it to be one of the most suitable for the town's welfare.

This applies equally to the board of trade property. The price asked by the board of trade is ridiculous. This is most evident when it is realized that the property requested by the Hydro Commission does not include any frontage on Yonge St., nor is there any likelihood that the board of trade regards it as a source of uranium. We would concur with the suggestion made at council that the assessment on this property be revised to suit the estimated value placed upon it by the board of trade.

A meeting of the Aurora Hydro Commission, the council, the planning board, the board of trade and the public school board is being arranged for October 17 to consider the matter. It is to be hoped that all parties will place the welfare of Aurora ahead of all other motives, and that a mutually satisfactory solution will shortly be forthcoming.

We recently drove over the stretch of highway 27 between the Schomberg turn and highway nine. This short run, which was the scene of so many bad accidents this summer, is now marked with both white lines and signs.

Canadian Paintings Decorate Bank's Interior

THE PLOWMAN - J. S. Hallam, A.R.C.A.

As a result of arrangements made with the National Gallery of Canada by the Bank of Montreal to purchase quantities of the gallery's silk screen prints, a selection of the pictures is now on display at the bank's Newmarket office. Full-color reproductions of interesting subjects, they strike a new note in bank decoration, and will make the office more pleasant for both customers and staff.

All four prints now hanging in the Bank of Montreal's local branch are attractive examples of contemporary Canadian art. "The Plowman", an original design for the silk screen process

by J. S. Hallam, A.R.C.A., portrays a familiar rural scene that is filled with a real feeling of peace and tranquillity. Somewhat similar in color and mood is "Beech Woods" by F. S. Haines, R.C.A., a refreshing landscape of cool, green woods and quiet water. In contrast to these two portrayals of nature in repose are "Windswept" and "Silver Stream", both by L.A.C. Panton, R.C.A. Interpretive compositions, they are full of the movement and life of the Canadian outdoors.

In designing this series of pictures, the artists worked directly for the silk screen process, and most of the prints sponsored by the National Gallery are original works for this medium. In the rare case where the pictures have been adapted from other originals, the unique possibilities of the silk process have been fully exploited. The resulting changes in treatment give the prints an individual character.

SHARON

There will be a special Thanksgiving service at the United church on Sunday, at 7.30 p.m., also a Baptismal service. Special envelope offering for missions.

The regular monthly meeting of the Women's Association will be held at the hall on Thursday, Oct. 13, at 10.30 a.m. Please come and bring something for a pot-luck dinner. There will be quilting to do.

Mr. and Mrs. A. Thomas, Mr. and Mrs. E. R. Fry and Mr. and Mrs. T. Collins attended the Fraser-Tate wedding at Richmond Hill on Saturday.

Mr. and Mrs. W. Houston, Toronto, spent the weekend with Mr. and Mrs. Fred McLeod. Mrs. McCarty and Mr. and Mrs. McFale and Carol were Sunday visitors at the home of Mr. and Mrs. L. J. Farr.

Quite a number from the village attended Markham Fair on Saturday.

Mr. and Mrs. Don. Smith, Newmarket, spent Sunday with Mr. and Mrs. E. R. Fry. The Misses Jean Nicklin and Helen Shaw, Toronto, spent the weekend at their homes here.

You are cordially invited to attend the Sharon United church anniversary services on Sunday, Oct. 16, at 11 a.m. The Rev. D. G. Ray, D.F.C., B.A., of Kettleby United church will be guest speaker and at 7.30 p.m. Rev. C. D. Campbell, B.A., of Keswick United church will be guest speaker.

PLEASANTVILLE

Anniversary services at the United church on Sunday were well attended. Dr. Arkinstall, Newmarket, gave the message in the morning with Mrs. Ditchin, Weston, as guest soloist. For the evening service, Rev. McTavish and the choir, all of Bradford United church, were much appreciated by all present.

Mrs. R. Willis, Toronto, spent several days with old friends here and at Pine Orchard and attended the anniversary services and congregational supper and business meeting on Monday night.

Mr. and Mrs. A. Colville were Sunday dinner guests of Mrs. J. Skinner and daughter, Jacqueline.

Sorry to report at time of writing Mrs. G. Hunt is ill in Toronto Western hospital. Mrs. Roy Harper was able to return to her home on Monday after an operation last Tuesday at York County hospital.

Miss Dorothy Ratcliffe spent the weekend at her home in Toronto. Mr. and Mrs. R. Jewitt and Glenna, Kettleby, were Sunday guests at the home of Mrs. G. McClure and attended the anniversary service in the morning.

Mrs. R. Stevens, Newmarket, is a guest for a couple of weeks of Mrs. R. Hawtin.

Mr. and Mrs. F. Williams and Garnet visited Mrs. Williams' sister and family at Schomberg for Sunday tea.

KETTLERY

There will be no service in Christ church on Sunday, Oct. 9, as St. Mary Magdalene church, Schomberg, is holding its Harvest Thanksgiving services at 11 a.m. and 7.30 p.m. on that date. We hope all of our members will try and attend one of these services.

GLENVILLE

The Junior Red Cross is sponsoring a social evening at the Glenville school on Friday, Oct. 14. The community is cordially invited.

China's Great Wall is 1,500 miles long.

Mrs. Auley Brenair and Mrs. Bruce Townsley spent Wednesday afternoon with Mrs. Elmer Oberer.

Mrs. Norma Crouch is enjoying a motor trip down through the States.

Mr. and Mrs. Archie Dike and Mr. and Mrs. Jim Ganton spent Sunday at Penetang.

Mr. and Mrs. Jim Downing and Leonard visited Mr. and Mrs. Morley Andrews on Sunday.

Mr. and Mrs. Bond, Mr. and Mrs. Morley Andrews, Hilda and Helen, attended Markham Fair on Saturday.

Congratulations to Mr. Alan Balsdon and Mr. Sheldon Walker winning prizes on their stock at Markham Fair.

Mr. and Mrs. Herl Tansley is ill. We hope for a speedy recovery.

Several from this community attended Markham Fair on Saturday.

Income for Family 4 Accidental Death Total Disability Retirement

FOUR-FOLD PROTECTION

It pays a monthly income to your dependents if you die before reaching retirement.

This monthly income is doubled if you meet with death by accident.

A monthly income to you in the event of your total disability through sickness or accident.

A monthly income to you for life at retirement.

Ask for our pamphlet "Four-Fold Protection Provides". It will interest you.

Confederation Life
HEAD OFFICE, Association, TORONTO

JOHN E. JARVIS, Representative
45 Eagle St., Newmarket, Ont.

A A thirteenth of the earth's crust is aluminum. It is found in mountains and gems, in vegetables and clay, in meat and water — practically everywhere.

L Long ago the Romans knew it as a salt. They called it "alumen" and used it as a medicine or for dyeing cloth.

U Until the middle 1800's, the metal aluminum was rarer and more costly than gold. Napoleon III had his own personal tableware made of it.

M Modern science found a way to make it cheaper. That is why, today, everybody can buy useful and lasting articles made of aluminum.

I In Canada we have none of the high-grade aluminum ore called "bauxite". Canadians bring it in by shipload from British Guiana — a voyage of 3000 miles.

N Northeastern Canada has the world's largest aluminum smelter. Alcan built it there, at Arvida. This site was chosen because it is close to both a port for ocean ships bringing bauxite and an abundant source of hydro-electric power.

U Until Alcan harnessed this water power, it ran to waste. Smelting aluminum needs vast supplies of power. The electricity required to produce one ton of aluminum would light your house for fifteen years.

M More than 15,000 people operate this Canadian industry. They earn more than thirty-five million dollars a year. These earnings flow across Canada.

Alcan (Aluminum Company of Canada, Ltd.) makes aluminum ingots. More than 1000 independent manufacturers across Canada shape aluminum into light, strong, non-rusting articles for your use. The variety grows daily.

In addition to supplying these firms, Alcan sells about 85% of its ingots to other countries. This aluminum is now Canada's sixth largest export, a source of much needed money from abroad.

Because Alcan does market so much abroad, it is able to make aluminum in such large quantities that, in ingot form, it can be purchased more cheaply in Canada than anywhere else in the world.

To Show Temperance Film At Pine Orchard Church

Mr. Royal Moulton of the Ontario Temperance Federation, newly-appointed field worker for North York, will give the first showing of the new film, "Alcohol and the Human Body," at Pine Orchard Union church Friday, Oct. 7, at 8 p.m. There will be a temperance address and other items on the program under the auspices of the Young People's Society of the church.

A good turnout of local people is desired, and a special invitation is extended to neighboring schools and all other people interested.

MOUNT PISGAH

The October meeting of the Mount Pisgah Women's Association will be held at the home of Mrs. Archie Monkman in Aurora on Wednesday, Oct. 12. Mrs. Harry Smith will arrange the program and Mrs. C. Pattenden will be in charge of the devotion.

Congratulations to Mr. and Mrs. Harold Donner on the birth of a son Monday morning, Oct. 3.

Mr. and Mrs. Clarence Foote and family of Cedar Valley were supper guests of Mr. and Mrs. Roy Smith and daughter on Sunday.

Mr. and Mrs. Bob Monkman and family of Lansing, Mr. and Mrs. Win. Milne and family and Miss Shirley Roberts, Toronto, had Sunday supper at the Baycroft's.

Mr. and Mrs. A. Orchard and Mrs. C. Baker, Stouffville, visited Mr. and Mrs. Jack Gamble on Saturday.

Mr. and Mrs. Frank Minns visited Mr. and Mrs. Ross Minns in Toronto on Sunday.

SCHOMBERG

Mr. and Mrs. Walter Stevens moved to their new home in Toronto on Tuesday.

Mr. and Mrs. Wilfred Watson celebrated their 25th wedding anniversary on Sunday, Oct. 2.

A number of the W.I. members attended the special meeting at Aurora on Tuesday afternoon.

Mrs. A. Sommerville spent the past week with her daughter, Mrs. H. Russell.

Mrs. McKinley and Della visited friends at Woodbridge last Tuesday.

Quite a large number of our citizens from town and surrounding community attended the fair at Beeton, Bolton and Markham on Friday and Saturday.

Mrs. Margaret Hague is under observation in St. Michael's hospital in Toronto. We wish her a speedy recovery.

Mr. and Mrs. Wilfred Aitchison and Golda visited Mr. and Mrs. Stewart Bennett at Maple on Sunday.

Mrs. Emmerson Cooper held a trousseau tea on Saturday afternoon, Oct. 1, in honor of her daughter, Miss Marie Cooper, whose wedding takes place Oct. 8.

IT'S A Woman's World

By CAROLINE E. ION

A service of which the community can be justly proud is its share in the U.E.F.B. (United Emergency Fund for Britain). Newmarket has been unsurpassed in its efforts. On more than one occasion, moreover, it has been singled out by special reference to its fine record. Yes, it has come a long way since the idea was first conceived to "adopt" British families and send them regular food parcels. Lady Reading originated the scheme. When she was visiting in Canada shortly after the war ended, she spoke before many women's organizations across the dominion. Lady Reading mentioned the need of some outside assistance to the families of war-depleted Britain—not in the form of charitable donations, but rather, as a personal gesture which would strengthen the bonds between the two countries. This, she felt, could be achieved if parcels of foodstuff could be shipped regularly to British families from individuals or organizations on this side of the ocean. The idea appealed to Canadians and gradually caught hold.

Some scepticism was shown at first as to what families would receive the parcels. How would they be chosen? But these doubts were quickly erased by the capable management of the Women's Volunteer Services who handled the preparation of the lists in Britain. They submitted the names of recommended families, whose circumstances they had thoroughly investigated. On these lists were the names of families impoverished through illness; old people living alone who were having a difficult time with the rationing; families which had suffered severe hardships and personal losses as a result of the war. Families which had done an unusual amount of volunteer work and were feeling the aftermath of nervous tension and strain were added to this list even though their financial means were above average.

Newmarket started with 25 families in 1947. This project was headed locally by Mrs. J. C. R. Edwards and within a short time, clubs and individuals had "adopted" these British families. These parcels are still being sent overseas.

It then became apparent that a much broader scheme was necessary and this original "Personal Parcels for Britain" was enlarged and incorporated into the resulting U.E.F.B. with the official approval of both the British and Canadian governments. In Newmarket, Mr. Jack Luck was authorized by the town council to set up the local organization. Mr. Luck personally conducted the canvass for necessary funds and the depot was opened at the corner of Main and Water Sts. From that point the ladies took over and have continued to handle all details relating to the packing of these parcels. During the period, March 1 to September 30, 1949, a total of 350 parcels have been forwarded overseas from this depot. The Women's Volunteer Services are responsible for their proper distribution once they reach Britain. Last year, Mr. Luck organized similar U.E.F.B. set-ups in Barrie, Midland and through the northern part of the province.

When the parcel service was first established postal rates were paid for their shipment overseas. Through the co-operation of both governments it was arranged that special freight rates be made available for future shipments. This greatly reduced the cost with the rate being set at only 30 cents per parcel. However, this last month that rate was raised because of the general increase in freight rates to 50 cents per parcel. Even at this, it is a tremendous saving over the postal rates and sets the total cost of each parcel at \$3.50. Anyone may take advantage of these special rates for sending parcels to the "old country" if they leave their parcels at the depot and pay the freight charge. In the past two months 29 such parcels were sent from the depot.

To continue the personal touch even on this enlarged scale was the desire of the U.E.F.B. committee and so names of representative citizens were included in all parcels sent. Before long, these townspeople began receiving letters of gratitude from the recipients of the parcels. After each shipment, dozens of letters come back to Newmarket telling of the pleasure the parcels are bringing to British families. Friendships are being formed by the correspondents and an exchange of small gifts, photos and ideas is resulting. It is a service which warrants continuation, but the funds are exhausted. If there are to be parcels for Christmas money must be received immediately. This is the concern, not only of the committee but of all town organizations, church groups, the people whose names were included in the parcels as well as any others who are interested in the maintaining of the parcels to Britain.

Newmarket Social News

—Pte. Graeme T. Wheeland, military headquarters, Ottawa, was home on furlough last week and leaves there within a few days for a two months' course at Camp Lee, Virginia.

—Miss Winnifred Keger was a weekend guest at the home of Mrs. C. E. Wheeland. Miss Keger is organist at St. Andrew's United church, Port Dalhousie.

—Rev. and Mrs. Frank Brunton spent Wednesday, Sept. 21, with Mrs. Gilbert Staley and family of Glenville.

—Mr. and Mrs. R. M. MacNaughton, Newmarket, spent Sunday at Lake View, the guests of Mr. and Mrs. G. A. Wilton.

—Mr. J. O. Little is spending a couple of weeks in Lexington, Kentucky.

—Mrs. Fred Webster is spending a week's holidays in Toronto with relatives.

—Mrs. K. J. Baker and daughter, Linda, Halifax, N.S., are visiting Mrs. Baker's parents, Mr. and Mrs. G. V. Boddington.

—Mrs. L. T. Watson, Oakville, is visiting her brother-in-law and sister, Mr. and Mrs. Theo Bolton.

—Mrs. Stanley Whitfield entertained on Saturday for her son, Tommie, on the occasion of his second birthday. About 12 of his little friends attended the party.

—Mr. and Mrs. A. B. Allen, Toronto, were Sunday guests at the home of Mrs. W. E. Richardson.

—Corporal Ernie Kirk of the Royal Canadian Mounted Police and Mrs. Kirk and baby of Old Crow, Yukon Territory, were renewing acquaintances in town last week and spent Thursday with Mr. and Mrs. Robert Pritchard.

—Corporal Kirk is completing 25 years' service with the Mounties this year and will be making his home in Westminster, B.C.

—Mr. and Mrs. Jack Holley, Weston, accompanied by their two children, visited Mr. and Mrs. Elgin Perrin on Sunday.

October 30 Deadline On Box Top Offer For 'Children' Fund

Box tops and wrappers from Proctor and Gamble products are being collected by the local school children as part of a drive to raise funds for the Save the Children campaign. The box tops will be converted into money through the current offer of the Proctor and Gamble Company of one cent for each top. This offer lasts only until October 30 so all the citizens of Newmarket are urged to pass these box tops along to the children and assist them in making their collection a success. The box tops are brought to the schools by the children and prior to the date of expiration will be forwarded to the soap company.

Save the Children funds are used to help the youngsters in the war-torn countries. The local children's efforts to assist this cause will depend on the support given them by their elders.

Government Recipes Available on Request

Cabinet ministers and office boys, stenographers and livestock experts, in fact all the civil servants who work in the majestic Confederation Building in Ottawa, have been meeting with tantalizing odors as they enter the Wellington street structure these fall days. The aromas have been emanating from the immaculate little white room in the basement, dubbed "Canada's Kitchen," where home economists of the consumer section, department of agriculture, have been experimenting with new ways of making that favorite relish, chili sauce.

And the economists of the kitchen have come up with some ideas. Uncooked chili is one. It is actually an uncooked pickle. Another one can be cooked either on top of the stove or in the oven, a feature that keeps it out of the way and requires stirring only towards the last hour of cooking.

The recipes, complete with advice and ideas, are available on request from the dominion department of agriculture.

Kettleby W.A. Told Of Victor Home Work

The Women's Association of the Kettleby United church met in the hall October 4. The president, Mrs. Anson McCluskie, presided, assisted in the worship service by Mrs. A. Marshall and Mrs. Dr. Marshall. There were many visitors from Snowball and from neighboring churches. Guest from the greatest distance was Mrs. Laura Courtney, Chilliwack, B.C.

The date for the bazaar is Saturday, Nov. 19, from 2:30 p.m. to 6 p.m. Mrs. Jerry Black sang two beautiful solos. Mrs. Pomeroy, presbyterial president, brought greetings from Toronto Centre and introduced the speaker, Dr. Margaret Strong, the representative of Victor Home for Girls.

Dr. Strong told of the organization and expansion of the home, of the wonderful work done by the superintendent, Miss May Carter, of her service of counsel and guidance to the girls and the placing of the infants in suitable homes and many other duties which fall in her capable hands.

Dr. Strong suggested that all W.A.'s should consider this home along with other financial responsibilities. At the close of the meeting a very delicious supper was served by the hostesses, Mrs. Anson McCluskie, Mrs. Murray Cook, Mrs. Herb Webster, Mrs. Jerry Black and Mrs. G. Cambourne.

EVENING AUXILIARY

The thank-offering meeting of the Evening Auxiliary of Trinity United church, Newmarket, will be held on Wednesday, Oct. 11, at 8 p.m., in the Sunday-school rooms. Mrs. R. S. Longley is a returned missionary from China and is one of the outstanding speakers of the W.M.S. There will be special music by Mrs. L. Bovaird and Miss A. King. All who are interested in the work of the church in China are invited to attend.

C.W.L. TO MEET

The Newmarket division of the Catholic Women's League will hold a meeting on Tuesday, Oct. 11, at St. John's school, beginning at 8 p.m. A euchre will be held by the group on Thursday, Oct. 13, also at the school.

—Mrs. Bert Gilkes, Mr. and Mrs. Harold Gilkes and Patsy motored to Huntsville to visit Mr. Bert Gilkes' uncle and aunt, Mr. and Mrs. Charles Irvine, Birkendale.

W. A. Guests at Aurora To Hear Miss F. Gray

The evening branch of St. Paul's W.A., Newmarket, held its monthly meeting in the parish hall on Monday evening, while the afternoon branch met yesterday instead of today because of the Lions' dinner being held in the parish hall tonight. The senior branch also was the guest of the Aurora branch on Tuesday when they were invited to hear Miss F. Gray of the Anglican Women's Training College, Toronto.

Newmarket branch hopes to have its sister branches in this deanery at its meeting next week, Thursday, Oct. 13, when Mrs. Greville, Toronto, the Diocesan correspondent secretary, will give an address at 3 p.m. in the parish hall.

The Parochial Guild held its regular meeting Tuesday evening at the home of Mrs. Lloyd, Main St. There will be a series of lectures in Trinity church, Aurora, on Tuesday evenings, Oct. 11, 18, 25 and Nov. 1 from 8 p.m. to 10 for all Sunday-school teachers and those interested in the welfare of young people. On Sunday, Oct. 16, a special service will be held in St. Paul's church to mark Youth Sunday.

Mixed Progressive Bridge Sponsored by C.W.I.

A mixed progressive bridge was held at St. John's school, Newmarket, on Tuesday evening by the Catholic Women's League with 12 tables participating. Mrs. Henry Moore convened the evening. First prize went to Mr. and Mrs. W. P. Fish and Mr. and Mrs. Harry Noble, newcomers to town from Toronto, won the consolation prize. The door prize was won by Mrs. Harry Noble.

A very pleasant evening was spent and excellent refreshments were served by the ladies. It is planned that this will be the first of a series of progressive bridges to be held by the League this winter.

Scout, Guide Mothers Work As One Unit

A meeting of the mothers of Newmarket Guides, Brownies, Cubs and Scouts was held at the Scout hall on Monday night. Despite the weather there was a good attendance. Mrs. Bert Budd presided. The meeting, the first of a new project which will link the two groups in the one organization, proved highly successful with all the mothers enthusiastic about the proposed union.

Following the business session, a short questionnaire on Boy Scout activities was conducted by the president. A social half-hour with refreshments was enjoyed at the close of the evening. A regular meeting will be held the first Monday of every month to which are invited the mothers of all Brownies, Guides, Scouts and Cubs.

LADIES MEET

Newmarket — The regular monthly meeting of the Junior Ladies' Aid of the Christian Baptist church will be held at the home of Mrs. Wm. Epworth, Raglan St., on Tuesday, Oct. 11, at 8 p.m.

GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. G. B. Thompson, Holland Landing, will be at home to their many friends and neighbors on Monday, Oct. 10, from 7 to 10 p.m., this being the occasion of their 50th wedding anniversary. *2w39

Aurora Social News

Mr. Harry Patterson, Calgary, was in town last week visiting old friends.

Miss G. Charles was home Wednesday with her mother, Mrs. H. Charles.

Mrs. Merrick, Toronto, is spending a week of holidays with Mrs. F. Bolton, Machell Ave.

Mr. and Mrs. A. Green and son of Toronto spent the weekend with Mrs. Wm. Bull.

Mr. and Mrs. T. Bull, Toronto, spent Sunday with Mrs. Wm. Bull, Machell Ave.

Mrs. Barton Teasdale and children are holidaying with Mrs. Teasdale's parents in Parry Sound.

We are glad to report that Dr. C. R. Boulding is home again after being in Sunnybrook hospital.

Mr. D. Ferguson was home

HEAR CHURCH LECTURE

The W.A. of Trinity church, Aurora, were hostesses to some 60 women of their parish and of Schomberg, Kettleby, Newmarket, Bradford and Thornhill on October 4. The meeting was arranged to allow the ladies to hear Miss Frances Gray of the Anglican Women's Training College, Toronto, tell the story of "Margaret," a girl who in her teens made her decision to give her life to the full-time work of the church.

from Sunnybrook hospital this weekend.

Miss J. Doolittle is home recovering from her recent operation.

PROMOTIONS MADE

On October 2 the promotions of Trinity Sunday-school were held in Aurora. Several boys and girls were sent from the beginners' department to the main school, and all classes had teachers with the exception of the senior boys', which is waiting a volunteer.

The teachers and staff of the Sunday-school are taking part in a training course arranged by the Diocesan Board of Education on Tuesdays, Oct. 11 and 18, at Aurora, and on Oct. 25 and Nov. 1 at Thornhill.

Children's Day will be observed on Oct. 16. Families are asked to come to church together that day, and the Sunday-school members will all stay in church, to hear a special lesson by the rector.

BAND CONCERT HEARD

The West Toronto Salvation Army Band was in Aurora Sunday and the music lovers enjoyed a splendid treat.

A band concert was given in the United church at which the local Lions Club Boys' Band gave several selections.

Elizabeth Mary Chapman

After a prolonged illness, Elizabeth Mary Chapman, Charles St., Toronto, died at Bethesda hospital, Lansing, on September 21.

Born in Dublin, Ireland, 1864, the daughter of Mr. and Mrs. Samuel Figgis, she married Arthur Wellesley Chapman, B.D., in 1887. Her husband predeceased her in 1919.

A member of St. Simon's church her chief interests were church work and music.

She is survived by three sons, Arthur Wellesley, Sutton West, George W. F., Hamilton, Eric W., Jackson's Point, four daughters, Mrs. H. Duke Scott (Lillian), Mrs. Walter P. Chapman (Gwendoline), Toronto, Mrs. Thomas G. Gravelly (Kathleen), Cooksville, Mrs. J. R. Turnbull (Dorothy), London, Eng., one brother, William Figgis, Dublin Ireland, and one sister, Miss Mary C. Figgis, Bray Co., Wicklow, Ireland.

Funeral services were held at St. Simon's church, Toronto, and interment was at St. George's, Georgina. Officiating at the service were Canon Moulton, Dr. Cosgrove, J. W. MacDonald and Rev. I. S. Smith.

William Robert McLachrie

William Robert McLachrie, Zephyr, died at his home on September 16 after a long illness.

He was born in Peterboro in 1865, the son of Mr. and Mrs. George McLachrie. In 1892 he married Margaret E. McComb.

An adherent of the United church, his main interest was in thoroughbred horses. In recent years he was retired but he earlier worked in the butchering trade.

He is survived by his wife, two sons, Ryland, Hamilton, and Milton, Rockwood, one daughter, Harriett, at home, one brother, Robert McLachrie, Toronto, and a sister, Mrs. E. J. Atkins, Vancouver, B.C.

Funeral services were held at Thompson's Funeral Home, Aurora, Rev. F. Bamford officiated.

LARGE ATTENDANCE

The second meeting of the season of the Newmarket Girl Guide Company was held on Wednesday evening, Sept. 28, at the Scout Hall with a total of 33 guides present. Mrs. Alfred Peel is assisting with the leadership of the company as a lieutenant. There were 30 Brownies present at the Monday night meeting of the Newmarket Pack.

FALL TEA, SALE

A fall tea and bake sale will be held by the Ladies' Auxiliary of the Newmarket branch, Canadian Legion, at the Scout Hall on Friday, Oct. 14, from 2:30 to 5:30 p.m. Mrs. Arthur Sheridan will convene the event.

Skinny men, women gain 5, 10, 15 lbs.

The Common Round...

By Isabel Inglis Colville

OPERATION PENCIL

Five years is not a great age, but it can be a determined one. Saturday evening had been spent by me refusing to say my prayers. As my mother was also determined, a sort of lying down strike on my part was matched by a period of watchful waiting on hers. In the end, of course, mother won, but her victory was somewhat marred by the fact that having given in I would not stop praying. I prayed for everyone and everything I could think of till I fell asleep with mother patiently waiting beside me.

But it's the sequel to this I am thinking about. On that Sunday morning we drove, as usual, to our church home—St. James' Anglican, in Perth and on the way my head was full of what my cousins and I would do when I was left at their home for dinner and Sunday-school. But as we entered the church and, surrounded by the soft light from many stained glass windows, heard the softly vibrating roll of the organ and smelled the sweetness of the flowers, I felt as even a little child can feel, the peace that shut out my naughtiness and enclosed me in a new, mysterious world.

And then, you see, I had my window. Over the altar was a window so richly colored, so tender in concept that it even made me forget my childish aching knees. I could turn my eyes on it and make up all sorts of stories about it and that is how my first church spoke to me.

Many have spoken to me since, and in varying tones. In Brockville there were two—St. Peter's Anglican, of which I was a member, and the First Presbyterian in which I sang. St. Peter's was very old, dark with the rich darkness of stained glass which only served to show up the richness of the beautiful candlelit chancel and from the moment the procession started up the aisle to the benediction, there was a reverence and a beauty that recalled straying thoughts and lifted one for a little while at least above worries and cares. Even the choir boys, and I knew these small imps well for I trained them one year, seemed to feel the atmosphere of peace and through the long, beautiful communion service, lifted shining cherubic faces and sang whole heartedly.

In contrast to the dark St. Peter's, First Church, big and modernized, shone white in the radiance that streamed through its beautiful windows. It was beautiful in a severe way but I missed being able to see the minister. You see, choir and organist were below and in front of the minister. But that church spoke, too. It spoke of the faith that built it, of the foundation on which that faith rested and continues to rest.

And now, I'd like to speak of some of the churches of Newmarket. We make our church home, my husband and I, in the United church, and we love it. If we didn't we would not worship there, for where there is no love, there is no growth. What a church it is! Built on pioneer faith and works and after all these years still sending out its messages of hope and cheer to a world sadly in need of it. One can rest eyes, tired through the week with many things, on the lovely windows and here, I want to say a word about most of the Protestant churches with the exception of the Anglican—I miss color, for color is something I seem to need. We went to benediction in St. John's Roman Catholic church with friends recently and I literally steeped myself in color. I could have, quite contentedly, sat all evening and looked at the statue of the Blessed Virgin which seemed to be coming right out of her lovely garden and from among the lilies that bear her name, to be among the worshippers of her Son.

The altar was ablaze with light and beauty and I thought that the many small boys who sat ahead of me waiting to join the procession would never forget that beauty. To me, an altar is a focal point—it lifts the church to its own level, that of sacrifice and praise.

But be that as it may, a church speaks, be it of whatever denomination it may, for we heard its voice in the summer in the Christian Baptist church and we hear it every Sunday, through the lips of our minister, in the United church. If that voice—the voice of the churches ever stops, we will have lost the voice of God.

YOUNG HOPEFULS BY DOROTHY MUIR BOWMAN

Children Much Like Adults Need 'Kid Gloves' Approach

Darlene Stuffles One of Best Entries in Essay Contest

Sheryl Crozier, young Cobden school girl, has been awarded first prize in a province-wide essay contest open to all Ontario school children, and sponsored by the Ontario Horticultural Association. Five hundred youngsters wrote essays for this year's contest and prize winners are announced by J. A. Carroll, secretary of the Ontario association. Darlene Stuffles, Newmarket, was one of the eight top prize winners.

Eighteen competitions were held in various parts of the province. The contest known as the "Save the wild flower essay competition" was extremely popular with the children. Rules and regulations provided that the competition be confined to grade eight pupils, that the essay be not less than 500 and more than 750 words.

"Essay may include anything likely to promote interest in Ontario wild flowers and their protection," one rule provides. "As the chief object is conservation, it is suggested that the essay be not confined to one flower."

Chief aim of the competition was promotion of conservation and entries included a wide array of subject matter. Judges report that some very fine compositions were submitted and selecting winners was no easy job.

Darlene was in the Alexander Muir school Grade 8 class in the spring when she entered the contest. She is now a student at Newmarket High School. For her prize, Darlene will receive a year's subscription to the magazine, "Forest and Outdoors," which was donated by Mrs. D. A. Gilles, Annapolis.

This is the second year that the Newmarket Society has sponsored the contest here. Last year's winner was David Bastedo.

THURSDAY NIGHT LADIES

The Thursday Night Ladies' Bowling Club, Newmarket, got away to a good start for the season on September 20. There are 18 girls in the league and the group will bowl weekly. Olive Hughson was elected as president. Secretary is Helen Coveney and the treasurer is Fran Bennett.

Emeralds are the softest of all precious stones.

THE HOMEMAKERS

An Apple Every Day

Apples are known as a dependable "standby" to every Canadian housewife... for pies, sauces, puddings, up-side-down cakes, baking individual-ly or in salads. Yellow Transparents, Greenings, Wolf River are good cooking apples. Delicious and Snow apples are marvellous eating varieties. McIntosh, Wealthy and Northern Spy are all-purpose apples.

Warm temperatures hasten the ripening process and apples lose their crispness and tangy flavor so they should be stored in the refrigerator or a cool, dry room. To prevent discoloration of peeled apples, place the slices as they are prepared in a bowl of cold water to which a little salt has been added.

ROYAL APPLES

6 Apples
1/2 Cup sugar
1 1/2 Cups water
Few drops red vegetable coloring
1 Egg white
2 Tbsp. sugar

Pare and core apples. Cook sugar, water and apple parings for 5 minutes. Remove parings and add red coloring to syrup. Add apples and cook very slowly until tender. Place the apples in a serving dish, cover with the syrup and cool. When thickened, garnish with a meringue made with the egg white and 2 tbsps. sugar. Brown meringue delicately in a moderately hot oven, 375 degrees. Serve very cold. Yield: six servings.

APPLESAUCE SHERBERT

2 1/2 Cans sieved, unsweetened applesauce
1/4 Cup white honey
1/4 to 1/2 Cup sugar (to taste)
Few grains salt
2 Egg whites

Combine the applesauce, honey, salt and half the sugar. Blend well. Beat egg whites until stiff, add remaining sugar gradually, beating until mixture stands in stiff peaks. Fold into applesauce mixture. Pour into tray of refrigerator and freeze, with refrigerator set at coldest point, until solid. Yield: six generous servings.

Note: 8 medium apples and 1 cup water will make about 2 1/2 cups applesauce.

APPLE CEREAL PUDDING

2 Cups cornflakes or 1 1/2 cups bran or wheat flakes
2 Cups sliced, peeled apples
1/2 Cup brown sugar (firmly packed)
1 Tsp. cinnamon
2 Tbsp. butter

Place a layer of cereal flakes in a well greased casserole, then add a layer of thinly sliced apples. Sprinkle with a mixture of brown sugar and cinnamon and dot with part of the butter. Repeat, finishing with cereal flakes. Bake in a moderately hot oven, 375 degrees for 30 to 40 minutes. Serve warm or cold with cream. Yield: six servings.

BIRTHDAY CLUB

Birthday wishes are extended this week to:

Hilda Andrews, Queensville, 15 years old on Friday, Sept. 30.
Joan Stephenson, Aurora, 15 years old on Friday, Sept. 30.
Carol Nöxel, Newmarket, ten years old on Saturday, Oct. 1.
Bernice Holloway, Ravenshoe, 11 years old on Saturday, Oct. 1.
David Bastedo, Newmarket, 14 years old on Sunday, Oct. 2.
Kenneth Wheeland, Newmarket, 15 years old on Sunday, Oct. 2.
William Albert Summerville, Schomberg, six years old on Monday, Oct. 3.
Eleanor Smith, Newmarket, 15 years old on Tuesday, Oct. 4.
Jean Lois Archibald, Schomberg, six years old on Tuesday, Oct. 4.
Laurie VanZant, Newmarket, 13 years old on Tuesday, Oct. 4.
Linda Ann Teskey, Niagara Falls, two years old on Tuesday, Oct. 4.

Send in your name, address, age and become a member of the Newmarket Era and Express Birthday club.

Carol Ann Haines, Newmarket, one year old on Tuesday, Oct. 4.

Trinity W.A. Tea Features Bake Sale

An autumn tea was held on Friday afternoon by the Women's Association of Trinity United church, Newmarket, in the Sunday-school room. The venture proved successful with a large group of ladies in attendance. Receiving the guests was the president, Mrs. J. E. Morris. Fall flowers were used as very effective decorations and a warm, friendly atmosphere prevailed. A highlight of the afternoon was the bake sale which was convened by Mrs. Ross Howlett. Mrs. H. A. Jackson and Mrs. Norman Hopper were in charge of the tea arrangements.

First School Clinic Well Attended

The first immunization clinic at the schools, Sept. 21, was very well attended. Ninety-two treatments were administered by Dr. L. W. Dales, M.O.H., in the first of a series of three held one month apart.

The reinforcement treatments were given in the majority with approximately one-third remaining for the three treatments. The very young children of five and six were given combined preventative treatments for tetanus, whooping cough, and diphtheria.

The next clinic will be held on October 26 for school children.

Now! A GLASS-LINED WATER HEATER AT A New Low Price!

Barbara BUYS WHYS

MONTREAL—Keyed to Autumn appetites, luscious HEINZ CREAM OF TOMATO SOUP, I'm willing to wager, it will be your favourite flavour-rich beginning to many an October meal. . . . and a delicious "wonder-worker" when you cook it into stews, meat loaves, left-overs of all kinds. Ask your grocer for Heinz Tomato Soup now . . . he has the NEW PACK . . . fresh-packed tins of tomato soup from the Autumn-picked crop of pedigreed "Aristocrat" tomatoes. Try this taste-treat tomorrow . . . discover how the "magic touch" of the famous Heinz Chef can give you tomato soup flavoured to perfection!

Exciting Fall Fare is a spicy, delicious Gingerbread like this. Particularly moist, tender, feathery and delicious, it will be because it's made with SWANS DOWN CAKE FLOUR, the cake flour that's sifted again and again until 27 times as fine as ordinary flour.

GINGERBREAD

2 cups sifted SWANS DOWN Cake Flour	1/2 cup butter or other shortening
2 teaspoons Cinnamon	1 cup sugar
2 teaspoons ginger	1 egg, unbeaten
1 teaspoon cinnamon	2/3 cup molasses
1/2 teaspoon salt	1/2 cup milk

Sift flour once, measure, add baking powder, spices, and salt; sift together three times. Cream butter thoroughly, add sugar gradually; cream together until light and fluffy. Add eggs and beat well; then add molasses. Add flour alternately with milk, a small amount at a time, beating after each addition until smooth. Bake in greased pan, 8x8x2 inches, in moderate oven (350 deg. F.) about 30 minutes.

It's a Wonderful Feeling to bake with confidence, as so many good cooks do! I'll bet they'll tell you they consider baking powder one of the most important ingredients contributing towards their baking success. That's why so many of them use CALUMET BAKING POWDER. Your Calumet's dependable "double-action" protects your baking from start to finish. With just enough leavening in the mixing bowl . . . just enough leavening in the oven. Calumet's perfectly timed and balanced actions go hand in hand giving light, tender and perfectly leavened cakes and biscuits and muffins every time.

Not Only Leaves Are Falling these days . . . temperatures are steadily dropping, too! Any day now you'll want a little heat to take the chill off the house. There's nothing quite like that cozy feeling as warmth starts circulating on a bleak Fall day! So don't be caught in a last-minute rush to the fuel dealer . . . get in your order now! If you haven't the cash in hand but can repay a loan in cash monthly instalments, have a word with your friendly BANK OF MONTREAL Manager. You can make sure of your fuel supply today—with a B of M Fuel Loan!

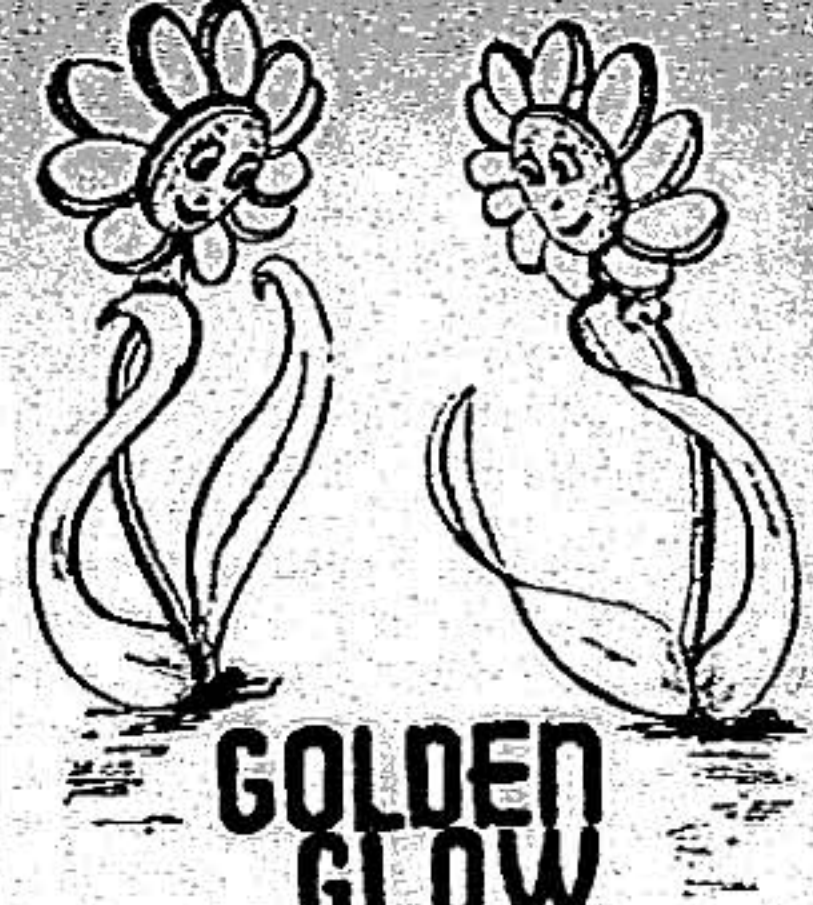

Some Youngsters just won't drink all the milk they need for strong, sturdy bodies. Here's a wonderful way of getting more milk into them. Here's a Jell-O Pudding! They'll love the creamy smoothness, the rich deep-down flavour of all the Jell-O Puddings family and you'll find Jell-O Puddings extremely economical to serve. Sumptuous-tasting Vanilla, Caramel, Butterscotch and Chocolate Jell-O Puddings—delicious Vanilla, Chocolate and Orange-Cocoanut Jell-O Tapioca Puddings. They're so easy to make you can take just 5 minutes to prepare—and Jell-O Puddings turn out perfect every time.

Here's My Favourite Recipe for using up sour milk . . . Orange Raisin Muffins . . . Mmmmm! Delicious . . . extra good because the recipe calls for FIVE ROSES FLOUR, that famous flour "for all-purpose baking" . . .

2 cups sifted Five Roses Flour	1 egg
2/3 cup baking soda	1/3 cup orange juice
1/2 tsp. salt	1/2 tsp. grated orange rind
1/3 cup sugar	2/3 cup sour milk
1/2 cup raisins	1/3 cup shortening

Sift together flour, baking soda, salt and sugar; then add the raisins. Combine the well beaten egg, orange juice, rind, sour milk and melted shortening. Turn wet ingredients into the dry ingredients. Mix only until dry ingredients are dampened. Fill greased muffin tins 2/3 full. Bake in hot oven 425 deg. F. for 20 minutes. Makes 12 muffins.

And, for expert answers to your baking questions, write to Pauline Harvey, Director, The Five Roses Kitchen, P.O. Box 6100, Montreal, P.Q.

GOLDEN GLOW says

Isn't it strange how fate seems to lend a helping hand on some occasions? If you recall I wrote an article the other week about several expeditions undertaken with the object of locating the remains of Noah's Ark on Mount Ararat, where according to Biblical story, it came to rest when the 40 days' rain abated and the flood subsided. Well, by a lucky chance, I heard a broadcast, while on holidays, over CBL by the "Old Philosopher," Alec Phare, who took for his title, "The Mystery of Noah's Ark." I considered it was fate lending a helping hand because away over there on Lake Huron it was not always possible to get our usual Toronto stations, but this being on CBL it was carried by either the Wingham, London or Chatham station—at any rate I heard it, and having written about it so recently, I was indeed interested.

"Professor" Phare must have seen the same little article I saw in the newspapers that set him wondering—and then looking it up to tell us over his weekly broadcast what he had learned. Do you remember in one of my weekly articles to the boys overseas during the war I wrote about Noah's Ark? I'd heard the story read during the church service, and it set me to thinking of childhood days when we used to have a toy Noah's Ark with Mr. and Mrs. Noah and family, and the animals, all carved out of wood. We were allowed to play with it on Sundays to the exclusion of other toys. And when the grown-ups where not too close to hear we sang under our breath the old song about the animals going in to the Ark—a negro spiritual, no doubt. I wouldn't know but I can recall quite a bit of it still after all these years.

Old Noah of old he built an Ark,
There's one more ribber to cross;
He made it out of hickory bark,
There's one more ribber to cross;
One more ribber, and that's the ribber of Jordan,
One more ribber, there's one more ribber to cross.

The animals came in one by one,
There's one more ribber to cross;
(How would it be if I left out the refrain about the "one more river to cross" and kept on with what I recall of the verses? O.K.)
The animals came in one by one,
The elephant chewing a car-away bun.

The animals came in two by two,
The tiger and the kangaroo.
The animals came in three by three,
The bear, the bug and the humblebee.
The animals came in four by four,
Mr. Noah got mad and he called for more.
There's one more ribber to cross, etc.

I guess that's enough, eh? Like the old song says, "If you want any more, you can sing it yourself." But that all sounds very frivolous, and I really have something I want to tell you—and I feel sure you, too, will be interested. You see, today, there is an entirely new interest in Noah's Ark, and expeditions are being equipped in Britain and Europe, as well as North America, to travel thousands of miles, search the almost inaccessible mountain range in Armenia, Mount Ararat, and try to settle the question that Noah's Ark still exists.

Noah's Ark, 450 feet long by 75 feet broad by 45 feet high (read about it in Genesis from the sixth chapter to the ninth) and made of gopher wood. "Make thee an ark of gopher wood, rooms shalt thou make in the ark, and shall pitch it within and without with pitch." Just fancy—Noah was 600 years old when he entered the Ark, and "the waters prevailed upon the earth one hundred and fifty days." You read in Chap. 8, Verse 4, where the Ark rested upon the mountains of Ararat. The region around Mount Ararat has always been traditionally connected with Noah. Antiquarians say that the Garden of Eden was situated near there. At any rate Noah is supposed to have been the world's first husbandman, for in Chap. 9 of Genesis is says "and Noah began to be a husbandman, and he planted a vineyard, the first vineyard known to man."

I am making this too long—I may tell more about it later, but the supposition is that Noah's Ark does still exist and is frozen into a glacier away up on top of Mount Ararat. So we may still hear even more about it in the near future.

Mr. and Mrs. Frank Baillie pictured with their attendants leaving Forest Hill United church, Toronto, following their recent marriage. H.S. Appoints School And Grade Mothers

An important phase of Home and School work is carried on each year by the school and grade mothers. These women form the link between the teachers and the parents of the children of each class. They act as a telephone committee, notifying the parents of the activities of the organization; they assist the teacher in becoming better acquainted with the parents of her pupils and as at the September 27 meeting, they welcome and meet the guests and help provide the friendly atmosphere associated with the Home and School meetings.

The following is the list of school and grade mothers for Newmarket this year.

Alexander Muir school: school mother, Mrs. Charles Yates; grade mothers, Grade 1, Mrs. Herbert Atkins, Mrs. Charles Simmons; Grade 2, Mrs. George Stuart, Mrs. Kenneth Bennington; Grade 3, Mrs. L. R. Coupland, Mrs. Thomas Watts; Grade 4, Mrs. W. J. G. Edwards, Mrs. Leonard Little; Grades 5 and 6, Mrs. Allen Mills, Mrs. Norman Parks; Grades 7 and 8, Mrs. Jack LeGood, Mrs. Gordon Downward.

King George school: school mother, Mrs. W. L. Moorby; grade mothers, Grade 1A, Mrs. Charles VanZant, Mrs. Ernest Winter; Grade 1B, Mrs. William Sherwood, Mrs. F. J. Henny; Grades 2 and 3, Mrs. John Glenn, Mrs. A. J. Carson; Grade 3, Mrs. Orley Hayes, Mrs. Bohmer Groves; Grades 3 and 4, Mrs. Harold Craddock, Mrs. William Peters; Grade 5, Mrs. C. A. Curtis, Mrs. Robert McCabe.

Stuart Scott school: school mother, Mrs. Howard Morton; grade mothers: Grade 1, Mrs. E. Baillie; Grade 2, Mrs. M. Baker; Grade 3, Mrs. E. Wrightman; Grade 4, Mrs. Bruce Hunter; Grade 5, Mrs. W. Johns, Mrs. A. Perks; Grades 6 and 7, Mrs. A. Brice, Mrs. B. L. Sinclair; Grade 7, Mrs. C. Allen, Mrs. George Hill; Grade 8, Mrs. K. Morton, Mrs. R. Morton.

New Phone Directories Sent To Subscribers

The "Book of the Month" for many residents of Newmarket, Aurora and vicinity is the October, 1949, issue of the telephone directory, S. R. Van Dusen, Newmarket, Bell Telephone manager for this region, said today. The new books reach subscribers this week.

Featuring on its cover the familiar figure of "The Spirit of Communication," the new green-covered edition of the telephone directory will replace the buff-covered book issued last year. It will contain 104 pages in its alphabetical section, four more than its predecessor.

The first telephone directory in Canada and probably in the British Empire, published in 1878, consisted of a single sheet, 18 by 5 1/2 inches, and contained the names of a mere 68 subscribers.

The old book should be discarded as soon as the new directory arrives. Mr. Van Dusen warned, for almost 4,000 new and changed listings will be included in the forthcoming edition. It will contain listings for Brampton, Orangeville, Georgetown, Milton, Shelburne, Sutton and other centres.

The manager also cautioned subscribers to give the obsolete directories a thorough "shaking out" before they are discarded as old directories have been found to contain documents, folding money and letters. Lists of frequently-called numbers kept on office desk-pads, on cards pinned to the wall by the home telephone or in pocket notebooks should be checked and changed when the new directory arrives.

EVERYBODY'S BUSINESS
by *Don Graham*

Why is it that some people accomplish big things and get what they want out of life, while others just drift and wish for things?

Perhaps the most important single answer to this question can be found in the lives of all great men. In every case you will find that the man of achievement is a man of determination. When he decides on an objective, he bends every effort to reach it. Nothing deters him.

Edison experimented with more than 6,000 filament materials before he discovered one that met his requirements. This dramatic example shows how persistent we may have to be in order to attain our goal.

The trouble is, most of us are too easily discouraged. But if we accept difficulties as challenges to our ability and determination we will develop new powers. And when discouragement sets in, we must fight that, too.

So add "the will to win" to your technical knowledge, skill and hard work. You'll triple your chances of success!

Life insurance agents know we all tend to put off doing things—even when we realize that we ought to do them. Today thousands of families enjoy security because agents continued to remind them of their need for life insurance.

Mount Elbert is the highest peak in the Rocky Mountains.

COFFEE must be fresh to yield its utmost in flavour.
"SALADA" COFFEE
is as fresh as the day it was packed when you break the seal on the lid.

Who Pays For Advertising?

NOT THE NEWSPAPER reader, because he saves both time and money by shopping the wide selection of honest values offered through the advertising columns.

NOT THE ADVERTISER, because advertising always returns a profit when it is used correctly and consistently.

Every line of advertising in our paper is paid for by the **FELLOW WHO DOESN'T ADVERTISE!** The business which the non-advertiser loses pays the cost of advertising, and **ALSO** returns a nice profit to the fellow who **DOES ADVERTISE!**

The merchant who does not advertise **IS THE MAN WHO PAYS** for advertising. He pays for it in the volume of business he loses—in the number of customers who buy elsewhere.

Good advertising does not cost. **GOOD ADVERTISING PAYS!** It brings back the original investment and profit dollars, too. Almost every store wants more business than it is getting. Hoping for more business is not as effective as inviting more business.

Advertising SAVES Money

Every once in a while somebody comes into our office and starts a discussion about the **COST** of advertising . . . not only in The Era and Express, but in newspapers generally . . . but, honestly, in our humble opinion advertising, particularly **WEEKLY** newspaper advertising, used intelligently and frequently, doesn't cost money at all.

Rather it helps move merchandise faster, permits distribution economies, provides for mass production and mass sales and ultimately lower prices, with savings both for the consumers, sellers, distributors, wholesalers and manufacturers.

Take for example the classic case of the nationally-advertised light bulbs. It costs only one-fourth as much now as it did for an inferior one in 1923. Again, in 1929 the average radio set cost \$135 and only a few thousand people were proud owners. Now an average set sells for about \$50 with ownership in the millions, and so it goes. Mass production, spurred on by judicious advertising, has brought prices down.

"SALADA" OFFERS PLOWING AWARDS

Top winners in this year's Inter-County Horse Plowing Competition for boys at the International Plowing Matches will be awarded all expense tours of the United States to study agricultural conservation methods. The trips, and a substantial list of cash prizes for competition at the International and at local plowing matches, are being provided by the Salada Tea Company.

Rod, Gun Club Joins Conservation Efforts

The Rod and Gun club has in its membership and associates prominent men who are striving, at all times, through the provincial government, to correct the wasteful squandering of our wild life and forests and to assist nature to regain some lost ground to a thoughtless and wasteful civilization.

Four local boys, to this end, find themselves a small body indeed to attempt such a gigantic undertaking alone, and so is a member of the Ontario Federation of Hunters and Anglers which organization, with its hundreds of thousands of members, has divided the province into several zones, number five being the one our local club has affiliation with. This provincial organization has direct contact with the Ontario government and certain days are set aside during sessions of parliament to discuss matters relative to conservation and existing game laws. Changes in such laws are immediately submitted to the club through our local conservation officer, Mr. VanDyke.

Results of conservation efforts on the part of organizations such as these are shown in the fact that, in the early spring of this year, 60,000 pickerel and 20,000 lunge were placed in the extreme south of Lake Simcoe, an act that should provide the fishermen of Newmarket district and visitors to the lake with excellent fishing prospects for the years to come.

The winter months are used by the club for the purpose of social recreation combined with educational features, ably assisted by the Carling Conservation club with its moving pictures, and department of lands and forests which also brings pictures, as well as speakers, to further the club's aspirations.

Anyone interested in helping this effort to do their part locally in conservation can best do so by taking membership in the club and all particulars may be had from Ray Smith, Newmarket Sports and Cycle Shop, Timothy St. W.

1948 Farm Production Increase Over 1947

Agricultural production in Canada in 1948 was higher than in the preceding year, but was down somewhat from the all-time high reached in 1942, according to the first release of a new series of index numbers of agricultural production by the bureau of statistics.

The index of farm production in 1948, on the base 1935-39=100, was calculated at 125.2 as compared with 115.3 in 1947, the gain being accounted for by the increased production of grains, potatoes, tobacco and vegetables which more than offset declines registered by the other commodities.

The high point of the index was 164.2 in 1942. This high level was due in large part to extremely large crops of grain and the wartime expansion of the livestock industry which by that time was well under way. The low point occurred in 1937, when the index dropped to 83.7, largely as a result of extremely small grain crops, particularly in Saskatchewan.

Sharon Boy, Sister Place at Markham, Barrie Exhibitions

Sharon—Stephen Neuroth, son of Mr. and Mrs. Max. Neuroth, placed sixth in the junior yearling class at Markham Fair over the weekend. His sister, Elizabeth, placed second for showmanship at the fair.

At Barrie, Elizabeth placed first and Stephen fourth in the junior calf class.

"Great-souled" is the literal translation of Mahatma.

Aurora-Newmarket Growers High In Wheat Club Results

USE PORTABLE IRRIGATION FOR PASTURES

Mr. and Mrs. Montagu Yates who own Maxwellton Farm near Ste. Anne de Bellevue, Quebec, do not gamble with nature when it concerns their valuable herd of 90 pure bred Jerseys. Last summer when pastures on Montreal Island were parched yellow by a prolonged drought, they decided not to wait on nature to help their cattle to produce butterfat. So they installed a portable irrigation system — the first of its kind to be used on pastures in eastern Canada.

The equipment consists of several hundred feet of aluminum piping fitted with a simple arrangement of couplings, valves and sprinklers. Pipes can be taken apart, moved by hand to another pasture and assembled in an hour or two.

Water is conveyed by a three-inch supply line from nearby Lake St. Louis. A seven and one-half horsepower electric motor drives the centrifugal pump which forces 100 gallons of water through the pipes each minute. Revolving sprinklers placed 40 feet apart on lateral pipes throw the water to a radius of 50 feet.

The Yates have five fields in pasture which total 110 acres. Once every five years each field is plowed, cropped to corn, then grain and re-seeded. By rotational grazing of three pastures only, they can keep their herd well fed at all times.

Pasture fertilization is a must on Maxwellton Farm. From 300 to 400 pounds of chemical fertilizer are applied per acre each year in the spring or autumn. Following application, fields are given a thorough drenching with the portable irrigation system to get the plant food down to the roots.

POTTAGEVILLE

Anniversary services will be held in the United church next Sunday at 10.30 a.m. and 7.30 p.m. Weekend guests at the home of Mr. and Mrs. Tom Blackburn were Mrs. F. Webster and son, Gordon, Newmarket, Miss Gertrude Blackburn and Miss Margaret Hall, Toronto, Mr. and Mrs. Dan Emmerson, Minden, Mr. and Mrs. Allen Ellerby and Shirley, Weston, Mr. and Mrs. D. Blackburn and family of Kettleby.

Mr. and Mrs. George West and family spent Sunday with Mrs. West's sister, Mrs. Hyng, and Mr. Byng, Toronto.

Mr. and Mrs. John Jarvis spent Sunday with Mr. and Mrs. Oliver Emmerson, Nohleton.

Farm Philosopher says:

"WATER ISN'T ALWAYS A BLESSING"

Water out of control can do terrific damage to top soil through erosion. Methods of preventing this are to keep steep slopes under grass and trees, maintain soil fibre, and to seed and till across slopes. Soil erosion problems are solved more easily with the aid of an expert from your experimental farm or agricultural college—a service that's obtainable for the asking.

To combat soil erosion, or for any useful farm improvement, you may obtain timely loans on a favourable repayment basis, from this Bank. We invite you to talk the matter over with our nearest branch manager.

Hard Fought Contests Feature N.P.S. Field Day

Over 200 pupils took part in the annual Newmarket public schools track and field events run off on Friday and Tuesday afternoons. All championships were keenly fought for. Featured were Janet Macnab in the under 6 events, Donald Bone's high jump mark of 3' 11" in the boys', and Jack Todd, intermediate boys' champion, with four firsts.

The events went forward without a hitch and congratulations are in order to all the teachers taking part. Results (in order of merit) are:

SENIOR EVENTS

Boys 12 and under
Running high jump, Ronald Evans, Grant Morton, Ronald Groves, (4' 3"); standing broad jump, Grant Morton, Donald Firth, Delwyn Creed, (7' 2"); running broad jump, Bob Broadbent, Jack Mills, Merlyn Bales, (14' 4"); hop, step and jump, Grant Morton, Gordon Downward, Delwyn Creed, (28' 1"); 75-yard dash, Bob Broadbent, Ronald Bray, Jack Mills.

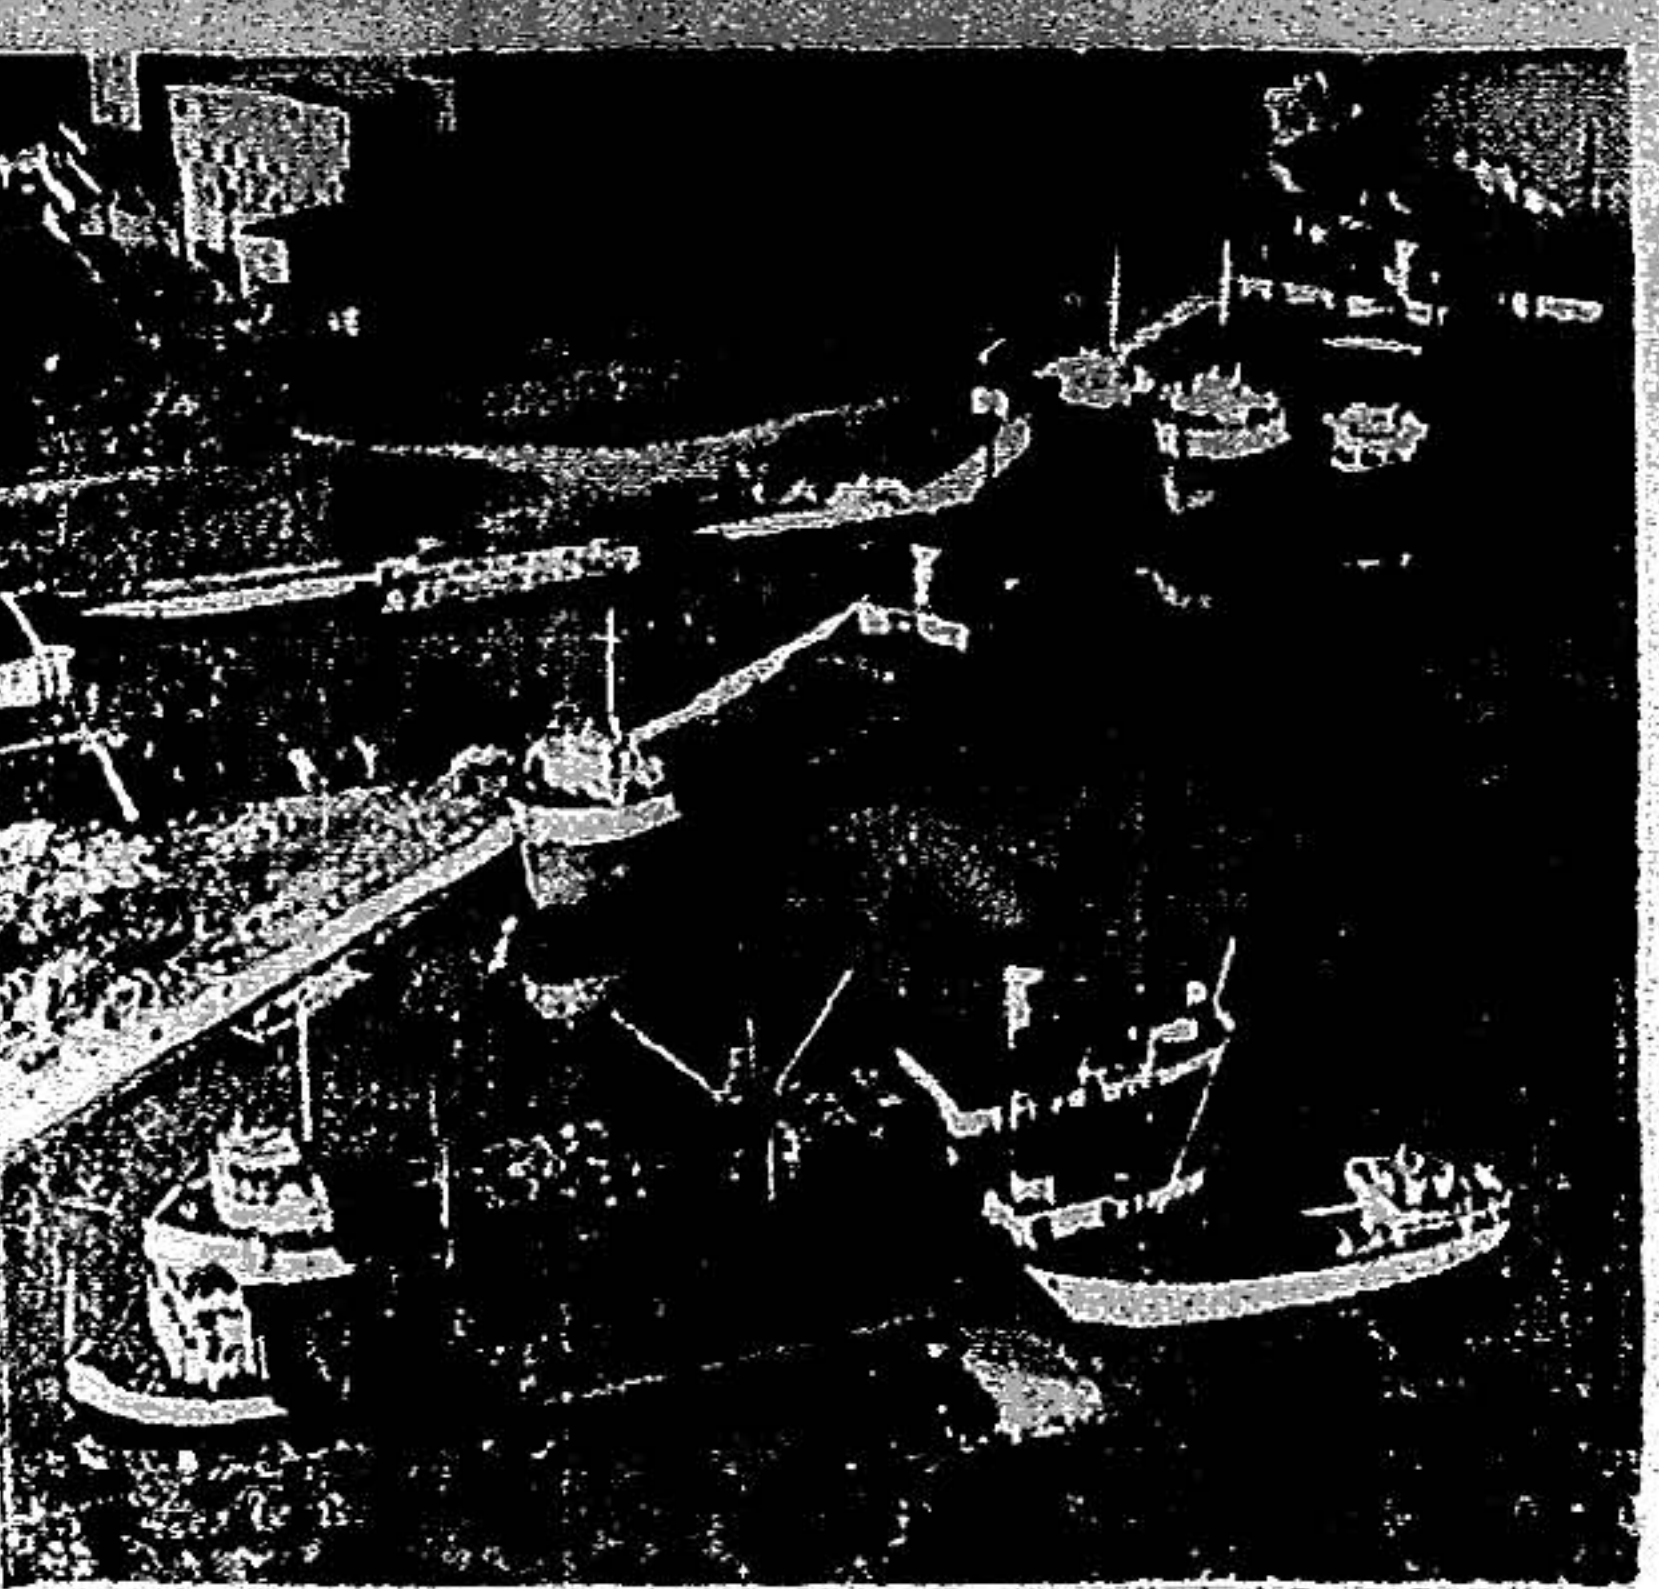

Boys 14 and over
Running high jump, Gary Legge, Bob Burch, Jack Saunders, (4' 4"); standing broad jump, David Heaney, Frank Wheeler, Donald Irwin, (7' 4"); running broad jump, Bob Burch, Gary Legge, Frank Wheeler, (15' 9"); hop, step and jump, Bob Burch, David Heaney, Frank Wheeler, (30' 10"); 80-yard dash, Bob Burch, Donald Irwin, Frank Wheeler.

Senior boys' champion, Bob Burch, 11 points; runner-up, Grant Morton, 8 points.

Girls 12 and 13
Running high jump, Geraldine Jarvis, Shirley Beare, Dianne Lockhart, (3' 10"); standing broad jump, Geraldine Jarvis, Arlene Moore, Shirley Beare, (6' 15"); hop, step and jump, Arlene Moore, Marlene Martin, Geraldine Jarvis, (25' 8"); ball throw, Arlene Moore, Geraldine Jarvis, Marlene Martin, (124' 4").

Stone thrown up by a ship's propeller is believed cause of more than 24-hour tie-up of traffic through the canal at Cornwall, Ont. This air photo shows ships immobilized in the canal. More than 35 other vessels were anchored in the St. Lawrence river. The stone damaged the massive gates on lock 15. New gates were installed.

1 Point Wins Hugo Senior N.H.S. Crown Over Taylor's 17

There was a tremendous amount of human energy spilled over in the past few days as the Newmarket high school track and field championships were decided. Robert Dick, accumulating six firsts and a second, walked away with the intermediate boys' crown with 133 points. In close pursuit was Dawn Gilman with five red ribbons and the junior girls' championship.

Isobel Rogers held the high marks in the intermediate girls' with 19. Jean Webster with 12 captured the crown among the senior girls.

Hardest fought battle of the meet was that for the senior boys' crown as Jerry Hugo with 18 points nosed out Ted Taylor by one point. The junior boys' champion is still undecided as one event, the mile run, postponed by the weather, will settle this issue. Point production in this gruelling race will decide whether Wayne Robinson, Ron Lockhart or Karl Ball will hold the championship.

F. J. (Fred) Speer, boys' director, and girls' instructor Joan Robbins report boundless enthusiasm this year with almost 100 percent participation.

Results (in order of merit):

SENIOR BOYS

High jump, D. Brice, T. Taylor, S. Waterhouse (4' 11"); standing broad jump, S. Waterhouse, T. Anderson, R. Preston (8' 6"); running broad jump, J. Hugo, S. Waterhouse, T. Anderson (16' 6"); hop, step and jump, J. Hugo, L. Kaffer, T. Taylor (35' 2"); pole vault, T. Taylor (30' 10"); discus, T. Taylor, J. Hugo, B. Rogers (101' 9½");

One hundred yards, M. McDonald, J. Hugo, A. McKnight (10.9 secs.); 220 yards, M. McDonald, A. McKnight, J. Hugo (26.5 secs.); 440 yards, G. Case, M. McDonald, A. McKnight (2 min. 47.8 secs.); senior relay, form 12A; senior champion, Jerry Hugo, 18 points; runner-up, Ted Taylor, 17 points.

SENIOR GIRLS

High jump, Carmen Taylor, Jean Webster, Helen Shelestowsky (4' 1"); standing broad jump, Mary Ellen McInnis, Jean Webster, Geraldine Black (7' 3½"); 75 yard dash, Mary Ellen McInnis, Helen Shelestowsky, Patsy Dunn (9.5 secs.); 100 yard dash, Helen Shelestowsky, Jean Webster, Mary Ellen McInnis (13 secs.); softball throw, Bertha Crone, Lynn Thompson, Mary Ellen McInnis (135' 6"); basketball punt, Joan Bovair, Barbara Bins, Lynn Thompson (75' 5"); Basketball accuracy, Carmen Taylor, Marilyn Wrightman, Jean Webster (10 points); basketball passing, Barbara Bins and Leona Spaulding; shuttle relay, Form 11A; pursuit relay, Form 13. Champion, Jean Webster.

INTERMEDIATE BOYS

High jump, R. Dick, B. Mair, M. Taylor (4' 4¾"); standing broad jump, R. Dick, B. Mair, B. Attwell; running broad jump, R. Dick, B. Forhan, B. Mair (14' 7¾"); hop, step and jump, B. Forhan, R. Dick, B. Mair; shot put, R. Dick, A. Lister, B. Townsley (29' 7"); discus, R. Dick, B. Attwell, B. Forhan; 75 yard dash, R. Dick, B. Forhan, A. Lister (8.5 secs.). Champion, Robert Dick, 33 points; runner-up, Bob Forhan, eight points.

oathy Ann May, Gail McKnight and Donna Banks, equal, 7 points.

TEAM RELAYS

Passing softball — winners: Vernon Abbot, Carol Pollock, Emily Dunham, Elizabeth James, David McComb, Wendy Davis, Larry Bone, Marilyn Perks, Muriel Thompson, Douglas Sheridan, Dottie May, John Hodge.

Moving blocks — winners: Jimmie Baile, Leonard Kye, Catherine Wrightman, Diane Haskett, Betty Sloss, Diane Goring, Judith Stickwood, Ron, Dunham, Judy Cable, Garry Gould, Larry Kaffer, Faye Griffiths.

News of the W.I. In North York
News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The Snowball branch met at the home of Mrs. E. Copson Wednesday, Sept. 28, with 24 members and eight guests present. Miss Mulholland and Miss McCaffrey gave a demonstration of Singer Sewing Machine attachments showing their many uses. Arrangements were made for a bus to Gormley October 26 where we are to be guests. The date of our next meeting has been changed to one week earlier, Tuesday, Oct. 18. Five dollars was donated to the cancer fund. A paper on current events was read by Mrs. C. Copson. Ladies please save your box tops from Oxydol, Chipso, Ivory Flakes and turn them over to Miss Marie Morning. At the close of the meeting, a shower was held for Mrs. C. Seaton, a recent bride, who received many lovely gifts.

A well attended meeting of the Lakeside branch was held in the home of the president, Mrs. Leslie Morton, Sept. 27, when Mrs. Elton Armstrong, district president, and Mrs. B. Sinclair, district secretary-treasurer, were welcome guests. Also present were Mrs. Wilbert Anderson and Mrs. J. E. Baines, other district officers. After the business, Mrs. Armstrong spoke, stressing the importance of the branches and suggested that we work for a unified system of education in Canada, study pioneer history and soil conservation. Mrs. Sinclair gave us highlights of the Guelph conference.

The program was on music. After a delightful number on the piano accordion by Mrs. A. L. Whipple, Mrs. Frank Marritt, Mrs. Gordon Carr and Mrs. E. Morton told of the origin of some well known songs and all joined in singing them. Mrs. Ernie Morton gave two humorous readings. Assisting for the tea and delicious lunch were Mrs. Ted Leonard and Mrs. Wynston Preser.

The Belhaven branch will meet at the home of Mrs. W. Anderson on Tuesday, Oct. 11, at 2:30 p.m. Motto: "Think how good the God of Harvest is to you, who pour abundance o'er your flowing fields." Roll call: A Thanksgiving verse. Lakeside Institute are guests of the afternoon and will provide the program. All members are hostesses.

The Aurora branch has been invited to attend a meeting of the Temperanceville branch of the W.I. on October 18 at 2:30 p.m., D.S.T. The speaker will be Mrs. R. I. Tamer, field secretary of Save the Children Fund, also Miss Bridgen will answer questions. She is corresponding secretary for the same organization.

The October meeting of the Mount Albert branch will be held on Thursday, Oct. 13, at the home of Mrs. Harvey Leek. Hostesses are Mrs. D. Dike, Mrs. H. Brown, Mrs. E. Davis. Program: public relationship and community activities, in the charge of Mrs. H. Price and Mrs. E. Harmon.

The Zephyr branch will be the guest of Elm Grove branch on Wednesday, Oct. 12, at the home of Mrs. Frank Tomlinson, Baldwin.

Monet's great desert is called the Gobi.

NEWS PICTURES

NEWS 'N' VIEWS

By GEORGE HASKETT

ERA AND EXPRESS SPORTS EDITOR

Short pages give us everything this week. Newsway notes from the shiny client are coming in more frequently. Town's pro hockey contingent takes leave, arena work flying. Public and high pupils churning ribbons as sport days are on again off again with the rain. Bowling league elects officers. "Geegars" McDonald's club prepares to cross one last river, a just this week with Aurora "Metors". North York bunting on the line, possibly the widest and roughest crossing of the season. Vets won't dare misplace their notes on base-running, hitting and pitching or else there'll be a new champ. Last time out—way back when—flyan-Holman motor men were full of get up and go, run and hit.

Everybody wants to get into the act. Hydro enters Vets-Meteor clash. League governors intended to have series go under the Schomberg glimmers. "No, no, not now," says Glad Lloyd, Schomberg's softball official. Hydro dim-outs call for a third cut in sport lighting. Would mean installing 1,000-watt lamps instead of present 1,500. Expense too heavy for such a move and then, too, weakened system might make it a case of roamin-in-the-gloomin' for the outfielders. So that's out. Games possibly will be arranged for this Saturday and Monday (Thanksgiving). Six chimies to start of an evening would probably make it impossible to complete nine innings. Snow time ain't no time to finish up a softball feud so better do it this long weekend.

Incidentally the Schomberg duo, Glad Lloyd and Elgin Hastings, are sold on lights. Some of the special features such as the opening affair, two benches league teams and donkey ball brought out 1,000 fans. Hope to see greater use of them by the North York league next year. Suggestion being league play double headers early in the season. Some drum beating could bring about a North York championship series too, open to all teams in North York. You can sleep on that one.

Half did and half didn't. Southern half, that's Aurora via Harold Rogers and Dinty Moore, and Newmarket represented by John Hines, Bruce Grieg and your scribe, showed for the inaugural meeting of North York Metropolitan league. Bradford and Sutton missed the boat. The former did report ready for another whack at the Metro loop, leaving the last year's champ unheard of. The league meets again tonight.

Like a good many more making the trip to the arena these days, we are bamboozled by the activity needed to prepare for artificial ice. Biggest chore for us volunteers, outside of welding, will be the dropping in of about four inches of sand after piping is in and checked. Definitely bushed by the meagre response for voluntary help. One or two at the Specialty and one at Davis Leather. Don't let George do it all. Come on men, up and at 'em! Picking College students came down and did a turn last Wednesday.

Haskett's Hash: When the league failed to send an umpire for the Vets-Woodbridge clash last Friday, Barney "Chubby" Revell assumed the calling and did a fine job. One fan observed last Friday Vets have got the best blocking infield hereabouts. It ought to be, with a goal keeper at every station. Tod Mosier (Pine Orchard) at first and Fred Dillman (Spits) at second, Ken "Spears" Tupling (Bradford) at short and Joe Tunney (Spits) at third. And there wasn't a set of goal keepers' pads among the lot.

Aurora Rec. Com. Seeks Playground Property, Council Gives \$300

The Aurora council received a letter from the Aurora recreation commission Monday evening requesting that council purchase the Mills St. property of Ernie Fripp which has been in use during the past summer as a children's playground. Council felt that the price asked by Mr. Fripp of \$500 was too high for the 100' by 200' property. On a motion by councillor Don Glass, council agreed to pay \$300 for the land and let the recreation commission pay the balance if it wished. Declaring himself wholeheartedly behind the proposed purchase, Mr. Glass stated that "nevertheless, I feel the price asked by Mr. Fripp is too much."

Bowl For Fowl At Newmarket Saturday

Those wishing to enter the fowl doubles tournament on Saturday should get their entries in at once as it looks like a full slate. The fee will be \$2 a man due to the cost of fowl and giving two for all three winners. Phone 726 or D. Gibney. Games start at 1.30 sharp. Continuous play. Doubles also on Saturday, Oct. 15 and 22; trebles Wednesday, Oct. 14; mixed doubles on Thanksgiving Day.

TELEVISER SERIES

Tickets may be scarce for the World Series but it is expected that a number of Aurora residents will nevertheless have the opportunity to see the New York Yankees and the Brooklyn Dodgers meet in baseball's biggest battle. For some time now it has been possible to view television shows over a cup of coffee at Les Beazer's Aurora Coffee Shop.

2nd OFFER WILL BE \$135

Vets Take Series Off Woodbridge 7-3 Now Meet Meteors

Newmarket Vets paid another instalment on the Joe Spilletto trophy Friday evening. They shelled Woodbridge 7-3 to take the semi-final set, three games to one. Bill VanZant on the Vets' mound had Woodbridge doing their sitting-up exercises a little late Friday, sometime between eight and ten p.m., rather than the usual early morning hour. Bill had them swinging at the air and missing more often than not, spinning a neat six-hitter and striking out an even dozen.

It was a 1-0 ball game to the fourth. Woodbridge eased ahead in the first as Lorne Usher strutted home after walking on Bob Wallace's towering three bagger. The Vets, hungry for a win and the series, broke their run famine and drew up even in the fifth as Joe Tunney scorched one through the box, moved up a station as Will Bannon on the Woodbridge mound unleashed a wild pitch. Joe completed the trek to the three-quarter pole as the Woodbridge short-stopper let a throw get away into short centre field. Clark Arnold dumped a Texas leaguer into right to pace his mate home.

Vets pried off the lid with a vengeance in the fifth. Tod Mosier sent it away with a down-the-middle single. Then long-striding John Hisey lofted out a long hoist into right centre field for a four-bagger. Bill VanZant tipped a hunt down first base side safely, Normie Legge out-ran a roller to short. Joe Tunney joined in with a double to score both runners and in turn skidded home on Clark Arnold's second one-bagger. Rod McPhail was gifted with a walk, both he and Arnold stepping up a base on a wild pitch. Arnold scored when Ken Tupling concluded the hitting end of the big frame on a drive to short that a generous score-keeper might have signaled as a base-hit. That put six runs home and put the Vets out front 7-1 and they stayed there.

Woodbridge manoeuvred over a pair of runs in the sixth on a hit and a pair of infield errors. The Bridgers had runners in scoring position as Bill VanZant closed up shop.

Joe Tunney, Clark Arnold and Harvey Gibney did most of the willow work to insure a win with two each. Bob Wallace, Woodbridge first-sacker, proved most troublesome to Bill VanZant, accumulating three of their six hits. Jack Elder switched from the sixth and had the Vets in check as they failed to score after he took over.

Norm Legge engineered the fielding play, after scooping up a bounder into right he legged it into the infield and Jack Nuttall, who had singled and started for second was a gone goose as Norm put the ball on him as he made a dive to get back to first.

Aurora Follows Toronto On D.S.T. Arrangement

The Aurora council passed a motion Monday evening by which Aurora will remain on daylight saving time until November 27, as Toronto is doing. It was decided that in the event any of the adjoining municipalities reverted to standard time ahead of this date, Aurora would still follow Toronto's lead.

WRESTLING CLUB

Anyone interested in joining the Aurora Wrestling club is asked to come to Hart Manufacturing at 7.30 o'clock on Thursday night.

Skeet Shooting In North York

Newest sport to hit old North York, and go over with a bang is skeet-shooting. Most weekends on a 25-acre parcel between the fifth and sixth of Whit-church you can hear the pop of rifles as a varying crowd of club members try their hand at batting down the clay pigeons. The club is known as the White-church Conservation and Gun Club, and they own their property, plan a small club-house and guarantee to those interested a gala program of shooting and stuff. Officers of the club include: Art McElroy, president; Mike Stephens, vice-president; Grover Wood, secretary; and George Jiggins, treasurer. The executive committee is composed of George Spence, Bert Morrison, Percy Patterson, Don Brown, Jim Duncan and Dr. George Macpherson. Trap-shooting to give the sport its correct moniker, is spreading widely throughout Canada, now that shells and guns are again available in quantity. It was devised originally in England by hunters of the middle-class after they had been deprived of the chance for hunting because of the establishment of private game preserves by the wealthy and aristocracy. The first club on record was called the "High Hags" formed in 1832, and so called because the members kept live birds under tall chap-eaux and fired at them after they had taken wing after the lifting of the hat. A glass ball replaced this procedure, followed by clay pigeons in 1860. It came to North America as a sport in the '70's. Vandalia, Ohio, where a \$200,000 set-up exists, is the international centre of trap-shooting. Many Canadians, notably, Sam Vance of Tillsonburg, have won North American recognition. Last weekend, Cliff Heath, the cyclist, and hockeyists Howard Patrick and Billy Attridge were top marksmen. Initiation fee is \$5 and the annual membership is \$3. "Timmer" Wood will be glad to hear from anyone interested in joining the club.

Aurora Blackhawks will be the name Aurora junior puck-chasers will tote this season. Club colors will be red, black and white, following the Chicago pattern, and they're already on order. Practices are to start October 17 at either Barrie or Stouffville if the latter rink is ready. John W. Bowser is the new proxy of the club, with Col. W. P. Mulock as honorary president. Earl Attridge is manager, with Alf Childs assisting and R. M. McKenzie, secretary, and H. D. Heaton, treasurer. The ways and means committee is composed of Bert Tunney, Stew. Patrick, Andy Closs, Bill Allen, Frank Lacey, C. Miller, Bill Hatfield who did a great job as trainer last winter, will be back as trainer, and Dr. Percy Hutchins will act as club physician. Terms with William "Red" Mitchell which were left in abeyance last week were finally settled over the weekend and a championship club is the objective of all those connected with the Hawks. Grouping will be one of the big problems, and possibilities will be canvassed as soon as it is expedient. There's no use hiding the fact that grouping with "D" clubs like Sutton and Orono, resulting in big scores, poor competition, and resulting poor attendances are not desirable, even though Orono did provide closer scores than Sutton, the fans knew the games didn't mean anything, and interest was low. The Aurora arena commission likewise should be vitally interested in seeing that Aurora gets properly accommodated by the O.H.A. While the hockey clubs at Aurora, Newmarket and Stouffville will be separately run, let's not kid ourselves that the arena committees in the three centres will not have to be actively interested in the club activities if they expect the returns the investments and public will demand. Barrie, Owen Sound, Midland and other places can testify to this. A winning hockey club is a "must" in the early stages.

Random Resume: Ridiculous is the way to describe the play-offs in the North York softball loop. The O.S.A. is well on its way to having all its championships decided by Thanksgiving Day, let alone having league finals. We know rain, cold weather, etc., have intervened, but this year's series will be the latest ever. The fans at the night games in Schomberg can truly sing, "Baby, it's cold outside."

Thomas Dickson of Simcoe is the new manager of Aurora Arena. Mr. Dixon, a veteran in his late 30's, has managed the artificial plant at Simcoe and comes highly recommended. The commissioners had some 24 applicants to consider and there was both quality and quantity. Knowledge of ice equipment and ability to organize were the deciding factors in the decision. Mr. Dickson will be heartily welcomed. Let's give him a chance to show his stuff before getting out the hammers of criticism and petty opinions that so often is done in small town Ontario.

Chuck VanZant called us last Thursday to assure us transportation was available for "Joint" McComb to return to Midland, but he never called. The taxi fare has been paid direct by the club. There was a mix-up somewhere along the line and the incident is now a closed book.

Leonard Simmons has been named to the executive of the Campbellford intermediate hockey club. Simmons is somewhat annoyed by rumors that the Meteors of '49 haven't met all their financial obligations. "We don't owe a dime, including the O.H.A.," sez Leonard. Any money owing the O.H.A. for play-off cuts is from the Aurora intermediate club. The franchise was held by the Aurora recreation commission but the club was on its own by way of officers and finances. Aside from the O.H.A. cut we know the intermediate club had met all its bills at the close of the season. The club has never heard directly from the O.H.A. Jack Andrews of Aurora has apparently clinched a position with Galt Rockets in junior "A" as he looks better each practice. Good luck "Long Jawn."
